

Bag It, Don't Blow It!

- ◆ Fallen leaves and grass clippings can plug storm drains, flooding our roads and harming our water ways.
- ◆ When leaves, grass clippings, and other debris from your yard end up in city streets, sidewalks, and storm drains, it eventually will make its way to our lakes.
- ◆ Streets, sidewalks and driveways must be kept clear of all yard waste to prevent this debris from entering a curb inlet or storm drain.

Bag it...

DON'T *blow it!*

IT'S AGAINST THE LAW!!!

To report any pollution in our streets,
storm drains or lakes, please call Augusta 311
