Office of the Administrator

Janice Allen Jackson, Administrator

Ste. 910 - Municipal Building
535 Telfair Street - AUGUSTA, GA 30901

November 21, 2017

The Honorable Hardie Davis, Jr. Mayor
Members of the Augusta, Georgia Commission
535 Telfair Street
Augusta, Georgia 30901

RE: 2018 Budget

Dear Mayor Davis and Members of the Commission:

I am pleased to submit for your information the 2018 budget approved by the Commission during its regular session on November 21, 2017. The process began with the recommended budget presentation on October 17, 2017. Several budget workshops followed in the weeks leading to its final approval. This budget was presented to the commission and the public and adopted in accordance with the Official Code of Georgia as well as the Code of Augusta, Georgia. The total combined budget for all funds is \$823.2 million.

Revenue

The main sources of revenue for the General Fund include Ad Valorem Tax, Sales Tax and Franchise Fees. We project the General Fund revenue to be \$154,763,190, up approximately \$535,000 from the 2017 level.

	2018	2017	2016
Ad Valorem Taxes	\$51,920,310	\$51,187,660	\$50,518,010
Franchise Fees	\$24,863,100	\$24,831,460	\$25,238,380
Local Option Sales Tax	\$30,207,150	\$29,710,050	\$31,110,000

General Fund Expenditures

	2018	2017	2016
Adopted Budget	\$154,763,190	\$154,227,920	\$153,549,880

The 2018 budget emphasizes several important themes that we have adopted for the year:

1. We are investing in ourselves.
 - a. To the greatest extent possible, we will implement the Classification and Compensation Study conducted by The Archer Company.
 - b. We will commit to making our workforce healthier while cutting specific costs.
 - c. We will place people before operations.
2. We are refining our financial and administrative practices.
 - a. We will abolish positions that have been vacant for the long term.
 - b. We will realistically fund our financial liabilities, including transit, streetlights and probation services.
 - c. We will review various procedures, which could produce indirect cost savings through tighter management.
3. We are adjusting to new realities.
 - a. Our electric franchise fees continue to decrease.
 - b. The Motor vehicle digest continues to decrease as older model vehicles are replaced with those subject to the TAVT
 - c. While the local economy is stable and significant growth is predicted due to the addition of the Cyber Center, the precise impact is not measurable at this time.
 - d. The 2018 budget is based on a modest 1% growth in the tax digest and 1% growth in Local Option Sales Tax collections.

Status Quo Operations

The 2018 operating expenditures have been held consistent with 2017 levels to the greatest extent possible. After successive budgets that focused on expansion and enhancement of programs, this budget emphasizes “people first,” with a goal of holding expenditures flat so that any additional resources will be invested our workforce.

Some 2018 expenses will be higher than those of 2017, but for good reason. We cannot avoid the additional costs associated with this year’s elections (an added \$300,000+), and new programs that began in 2017 and must now be funded for a full year – such as our new campground at Diamond Lakes. In addition, some departments, particularly smaller ones, have been impacted when current or new employees selected a different level of health insurance coverage (i.e. selecting family coverage over individual coverage). We will work with individual departments on a case-by-case basis to determine if any adjustments beyond the status quo are necessary.

Augusta made provisions for unexpected occurrences by providing a contingency budget of \$750,000 and to continue to rebuild Fund Balance with an allocation of \$250,000.

Given this status quo approach, the General Fund (non-Law Enforcement) expenditures level increased by \$498,550. Law Enforcement expenditures increased by \$36,720.

Healthcare Premium Increases and Focus on Wellness

For our employees who chose to participate in our wellness program, healthcare premiums had not changed since 2012 and the plan had no deductible. Industry publications show average costs to employees on employer-sponsored plans have more than doubled in the same period. In accordance with our recommendations, the following material changes to our health plan were adopted: a 5 percent rate increase for participants in our wellness program; a 15 percent rate increase in our Standard plan; new deductibles and higher co-pays. Additional savings will be realized from the new contract for purchasing prescription medication.

We encourage a healthier workforce by allowing employees to use our recreation facilities at no charge by presenting their employee ID, and require more use of the YMCA and other gyms to receive discounts. We are also expanding our Wellness Center to help accommodate employees and their families in a more timely fashion.

We estimate a net savings of \$400,000 to the health plan because of these adjustments, which were redirected to offset expected increases.

Implementation of the Classification and Compensation Study

The study is currently in draft form, awaiting final review. When the review is completed, we will request your formal adoption of the study.

Our proposed implementation strategy includes the following in 2018:

- A 1.5 percent increase for all full and part time employees, effective with the paychecks issued on Jan. 19
- Adjustments to the new market minimums, for all employees currently below the new minimums, effective with the paychecks issued on March 16
- Adjustments above the minimums, as appropriate, for those employees with at least 10 years of service, in grades 4-14, effective with the paychecks issued on March 30.

The study identified approximately 917 employees below new minimum pay levels for their respective grades. The remaining employees, approximately 1573, have been compensated in accordance with the market expectations.

Elimination or De-funding of Vacant, Full-time Positions

Our Human Resources, Finance, and Administrator’s teams performed a comprehensive review of positions vacant for at least two years. This review identified 79 positions, across all funds, which are proposed to be eliminated. In deference to the concerns of department directors, we will review the listing in early 2018. If I conclude there is a need for changes to the list, I will present a revised listing. However, we are confident we can – and should – eliminate 2.5 to 3 percent of our full-time positions.

Discussions with our Sheriff resulted in the “defunding” of 30 positions inside the Richmond County Sheriff’s Office. This action, along with other funds targeted to implement the pay and compensation study, will produce approximately \$1.84 million for raises to the Sheriff’s staff.

Additional Compensation for Part-time Workers

Our Personnel Policy and Procedures Manual defines a part-time worker as an employee who is to work on a continuing basis, but will work less than 30 hours per week and is not eligible for any benefits. We will use approximately \$130,000 to increase their hourly compensation to the rate paid to full-time employees for similar work, after implementation of the compensation study. This change will affect 134 part-time workers.

Revised Funding for Non-Governmental Organizations

Most Non-Governmental Organizations remain funded at the 2017 level with the exception of those listed below.

- | | |
|-------------------------------------|-----------|
| • Project Access | \$225,000 |
| • Lamar Medical Center | \$48,310 |
| • Miracle Making Ministries | \$90,000 |
| • Safe Homes | \$12,000 |
| • Historic Augusta | \$0 |
| • Bethlehem Center | \$25,000 |
| • Central Savannah River Land Trust | \$48,380. |

The net increase resulting from these changes is \$30,640.

Fire District Property Tax Increase

The Augusta Fire Department faces two challenges:

- Generating sufficient funds to compensate personnel at market levels
- Opening and operating two new stations to ensure appropriate service in growing areas of the county.

To provide funding, we proposed a one-half mill increase in the local fire tax. The increase was reduced to one-quarter mill during Commission discussion. The Commission will finalize any increase when the 2018 millage rates are adopted in July. It should be noted that even with an increase to the millage rates, some property owners may see a total out of pocket reduction as they benefit from savings on property insurance. In 2017 Augusta was awarded an ISO fire classification of 01/IX.

Difficult decisions were made during this budget process. A number of new programs were not funded as we maintained focus on our employees- the resource by which this government provides services to its citizens. The internal franchise fee charged to our enterprise funds increased from 5% to 6%. Operational subsidies to Probations Services and the Transit Fund are appropriately budgeted. A comprehensive review of the street light fee structure has begun which should be completed in early 2018. The revision will reduce and may eliminate the General Fund subsidy while providing potential opportunities to enhance the level of service.

Thank you for your participation in the 2018 budget process. I believe that this document provides a solid blueprint for the upcoming fiscal year. If you have questions, I am available for discussion.

Sincerely,

Janice Allen Jackson
Administrator

MISSION

To provide to all its citizens cost-effective, high quality government services in an environment which enhances the economic well-being and quality of life in Augusta Metropolitan Area.

BELIEFS

WE BELIEVE that open, honest communications with the public and among governing officials will assure the accomplishment of our community objectives.

WE BELIEVE that to be successful the process of government must include all citizens.

WE BELIEVE that government should employ good business practices resulting in efficiency, accountability, and performance measurement.

WE BELIEVE that citizens who are provided government services should be viewed as "our customers" and treated in a manner which is responsive, courteous, and efficient.

AUGUSTA, GEORGIA

**BUDGET PROCESS,
BUDGETARY GUIDELINES
AND BUDGET CALENDAR
FY 2018**

AUGUSTA, GEORGIA FY 2018 BUDGET

THE BUDGET PROCESS

The budget has several major purposes. It converts Augusta Georgia's long-range plans and policies into services and programs; serves as a vehicle to communicate these plans to the public; details costs of the Consolidated Government's services and programs; and outlines the revenues (taxes and fees) that support Augusta Georgia's services, including the rate of taxation for the coming fiscal year. Once the budget has been adopted by the Board of Commissioners, it becomes a work plan of objectives to be accomplished during the next fiscal year.

The budget process begins in the spring of each year with the development of the Contributory Budget Manual, which embodies the budget formulation guidelines. This manual provides specific guidelines such as inflation factors and computation/projection methodologies. Based on these guidelines, all Augusta Georgia departments and agencies prepare their funding requests and submit them to the Department of Finance in August for review and analysis.

Departments and agencies submitted detailed operating budget requests to the Finance Department on August 11, 2017 in accordance with procedures established by the Budget Calendar. The budget requests of agencies and departments included basic and additional funding requests. Basic requests are currently mandated or authorized services within guidelines, or ongoing expenditures. Expanded level program requests are over and above the basic 2017 service levels.

After analyzing the budget requests, Finance staff met with the Administrator, department heads and agency heads during the month of September for review of their request. The Administrator's proposed FY 2018 budget reflects her consideration of these recommendations in light of revenue projections and real property assessments, and her top priority initiatives are reflected in the Budget Message. The ranking of supplemental requests in the budget document generally reflects the department or agency head's priority ranking as submitted to the Budget Office.

As presented to the Augusta Commission, the Proposed Budget is intended to provide the resources necessary to continue current services. In her Budget Message, the Administrator may also recommend adjustments to the general property tax rates and user fees necessary to finance these services as well as identify high priority needs, new initiatives and program changes that the Augusta Georgia Commission may wish to consider during its deliberations on the budget. These and other issues brought forward were addressed during Commission budget work sessions on October 23rd, October 27th, November 1st, November 7th and 15th, 2017. After careful deliberation, the Proposed Budget, as modified for additions and deletions, was adopted by the Commission during the November 21, 2017 commission meeting.

BUDGETS AND BUDGETARY ACCOUNTING

Augusta Georgia follows these procedures in establishing the budgetary process and data reflected in this report.

- 1) Departments and Agencies submit detailed budget requests to the Budget Office in the Finance Department, which reviews and compiles the requests and makes recommendations to the Administrator.
- 2) The Administrator submits a proposed budget to the Augusta Georgia Commission in October.
- 3) The Augusta Georgia Commissioners hold such public workshops, as it deems necessary and holds an advertised public hearing on the proposed budget at which the first reading of the budget resolution occurs. The budget is adopted at a regular Board meeting, advertised in accordance with State law prior to January first.
- 4) Formal budgetary integration is employed for the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds.
- 5) Budgets for governmental fund types are maintained on a basis consistent with generally accepted accounting principles.
- 6) The Administrator and Finance Director are authorized to transfer budgeted amounts within and between departments, with the exception of transfers, which increase salary appropriations. The Augusta Georgia Commissioners may transfer amounts between funds and approve appropriations of additional resources.

ENCUMBRANCES AND APPROPRIATIONS

Appropriations are encumbered as a result of purchase orders, contracts or other forms of legal commitments. Encumbrances outstanding at year-end are reported as a reservation of fund balance. Appropriations lapse at year-end; however, reappropriations of amounts to cover significant encumbrances are made by the Augusta Georgia Commissioners during the subsequent fiscal year as an amendment to the budget. The level of control (level at which expenditures may not legally exceed the budget) is exercised by the Augusta Georgia Commissioners on a departmental level.

BASIC SERVICES

In this year's budget process, the service level and associated funding level will be used to try to hold increases in operating costs to a minimum. "Basic Services" used in the development of FY 2018 budget included the following activities:

1. Activities that are required by law or ordinance

Example: Many Inspections Department functions are required by ordinance to assure compliance with County codes.

2. Activities that affect the public health and safety

Example: Many Public Safety activities, such as routine patrol, affect the general public safety.

3. Activities that are necessary to preserve capital asset value

Example: In order to preserve the capital asset value of the Old Government House, the Recreation department would be required to at least staff it to be open, rather than let it sit idle.

AUGUSTA, GEORGIA

THE REPORTING ENTITY

**OPERATING POLICIES/GUIDELINES AND
LEGAL REQUIREMENTS FOR BUDGETING,
ACCOUNTING, FINANCIAL REPORTING
AND ANNUAL AUDIT
FY 2018**

AUGUSTA, GEORGIA FY 2018 BUDGET

THE REPORTING ENTITY:

Augusta is located in the east central section of the state on the south bank of the Savannah River, which serves as the boundary between Georgia and South Carolina. Augusta is on a fault line and has a landscape dotted with foothills, which descend to the coastal plain. Augusta is the head of the navigation on the Savannah River and is 135 miles east of Atlanta, 127 miles northwest of the port of Savannah, and 72 miles southwest of Columbia, South Carolina. Augusta is the trade center for 14 counties in Georgia and five in South Carolina, a section known as the Central Savannah River Area.

The Government was created by legislative act in the State of Georgia in 1995 from the unification of the two governments, the City of Augusta, Georgia and Richmond County, Georgia. On June 20, 1995, the citizens of Richmond County and the City of Augusta voted to consolidate into one government named Augusta, Georgia. The officials for the new government were elected and, based on the charter, took office on January 1, 1996. The unified government combined all functions and began financial operations January 1, 1996.

The Government is governed by a full-time Mayor, with a term of four years, and a ten-member Commission, who serves on a part-time basis and is elected to staggered terms of four years. The Mayor and Commission appoint an Administrator who serves as a full-time administrative officer and is responsible for the daily operations of the Government.

Augusta, Georgia's combined financial statements include the accounts of all operations. The criteria for including organizations as component units within Augusta's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Government holds the corporate powers of the organization
- the Government appoints a voting majority of the organization's board
- the Government is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Government
- there is fiscal dependency by the organization on the Government

Utilizing the above criteria, the following agencies and commissions were included using the blending method in the financial statements: Augusta Port Authority, Richmond County Public Facilities, Inc., and Urban Redevelopment Authority.

The component unit column in the combined financial statements includes the financial data of Augusta's other component units. These units are reported in a separate column to emphasize that it is legally separate from Augusta. Separate financial statements may be obtained from the organizations.

Richmond County Coliseum Authority
Richmond County Department of Health
Downtown Development Authority
Augusta Canal Authority

The complete financial statement for the individual component units may be obtained at the following address: Augusta Georgia, Finance Department, 535 Telfair Street, Suite 800, Augusta, Georgia 30901 or on the web site www.augustaga.gov.

The following organizations were excluded from the reporting entity because the elected officials of Augusta are not financially accountable for the organization, and based on the nature and significance of their relationship, exclusion of the organizations would not result in the presentation of misleading or incomplete financial statements. Financial statements are available from the organizations.

Augusta Housing Authority
City of Augusta Hospital Authority

BUDGETS AND AUDITS – LEGAL REQUIREMENTS:

Georgia Law Chapter 81 Budgets and Audits – Article 1 – Local Government Budgets and audits provide for the legal framework and legal compliance for budget adoption, budget amendment and audits. The intent of this code section is to provide minimum budget and auditing requirements for local governments so as to provide local taxpayers with an opportunity to gain information concerning the purpose for which local revenues are proposed to be spent and are actually spent and to assist local governments in generally improving local financial management practices, while maintaining, preserving, and encouraging the principle of home rule over local matters. It is also the intent to provide a mechanism through which appropriate information may be collected to assist state and local policy makers in carrying out their lawful responsibilities.

O.C.G.A. 36-81-3 Establishment of fiscal year; requirement of annual balanced budget; adoption of budget ordinances or resolutions generally; budget amendments; uniform chart of accounts

(a) The governing authority shall establish by ordinance, local law, or appropriate resolution a fiscal year for the operations of the local government.

(b) (1) Each unit of local government shall adopt and operate under an annual balanced budget for the general fund, each special revenue fund, and each debt service fund in use by the local government. The annual balanced budget shall be adopted by ordinance or resolution and administered in accordance with this article.

(2) Each unit of local government shall adopt and operate under a project-length balanced budget for each capital projects fund in use by the government. The project-length balanced budget shall be adopted by ordinance or resolution in the year that the project initially begins and shall be administered in accordance with this article. The project-

length balanced budget shall appropriate total expenditures for the duration of the capital project.

(3) A budget ordinance or resolution is balanced when the sum of estimated revenues and appropriated fund balances is equal to appropriations.

(4) Nothing contained in this Code section shall preclude a local government from adopting a budget for any funds used by the local government other than those specifically identified in paragraphs (1) and (2) of this subsection, including enterprise funds, internal service funds, and fiduciary funds.

(c) For each fiscal year beginning on or after January 1, 1982, each unit of local government shall adopt and utilize a budget ordinance or resolution as provided in this article.

(d) Nothing contained in this Code section shall preclude a local government from amending its budget so as to adapt to changing governmental needs during the budget period. Amendments shall be made as follows, unless otherwise provided by charter or local law:

(1) Any increase in appropriation at the legal level of control of the local government, whether accomplished through a change in anticipated revenues in any fund or through a transfer of appropriations among departments, shall require the approval of the governing authority. Such amendment shall be adopted by ordinance or resolution;

(2) Transfers of appropriations within any fund below the local government's legal level of control shall require only the approval of the budget officer; and

(3) The governing authority of a local government may amend the legal level of control to establish a more detailed level of budgetary control at any time during the budget period. Said amendment shall be adopted by ordinance or resolution.

(e) The Department of Community Affairs, in cooperation with the Association County Commissioners of Georgia and the Georgia Municipal Association, shall develop local government uniform charts of accounts. The uniform charts of accounts, including any subsequent revisions thereto, shall require approval of the state auditor prior to final adoption by the Department of Community Affairs. All units of local government shall adopt and use such initial uniform charts of accounts within 18 months following adoption of the uniform charts of accounts by the Department of Community Affairs. The department shall adopt the initial local government uniform charts of accounts no later than December 31, 1998. The department shall be authorized to grant a waiver delaying adoption of the initial uniform charts of accounts for a period not to exceed two years upon a clear demonstration that conversion of the accounting system of the requesting local government, within the time period specified in this subsection, would be unduly burdensome.

(f) The department's implementation of subsection (e) of this Code section shall be subject to Chapter 13 of Title 50, the "Georgia Administrative Procedure Act".

O.C.G.A. 36-81-5 Preparation of proposed budget; submission to governing authority; public review of proposed budget; notice and conduct of budget hearing.

(a) By the date established by each governing authority, in such manner and form as may be necessary to effect this article, and consistent with the local government's accounting system, the budget officer shall prepare a proposed budget for the local government for the ensuing budget period.

(b) The proposed budget shall, at a minimum, be an estimate of the financial requirements at the legal level of control for each fund requiring a budget for the appropriate budget period and shall be in such form and detail, with such supporting information and justifications, as may be prescribed by the budget officer or the governing authority. The budget document, at a minimum, shall provide, for the appropriate budget period, a statement of the amount budgeted for anticipated revenues by source and the amount budgeted for expenditures at the level of control. In accordance with the minimum required legal level of control, the budget document shall, at a minimum provide a statement of the amount budgeted for expenditures by department for each fund for which a budget is required. This does not preclude the governing authority of a local government from preparing a budget document or establishing a legal level of control at a more detailed level of budgetary control than the minimum required legal level of control.

(c) On the date established by each governing authority, the proposed budget shall be submitted to the governing authority for that body's review prior to enactment of the budget ordinance or resolution.

(d) On the day that the proposed budget is submitted to the governing authority for consideration, a copy of the budget shall be placed in a public location which is convenient to the residents of the unit of local government. The governing authority shall make every effort to provide convenient access to the residents during reasonable business hours so as to accord every opportunity to the public to review the budget prior to adoption by the governing authority. A copy of the budget shall also be made available, upon request, to the news media.

(e) A statement advising the residents of the local unit of government of the availability of the proposed budget shall be published in a newspaper of general circulation within the jurisdiction of the governing authority. The notice shall be published during the week in which the proposed budget is submitted to the governing authority. In addition, the statement shall also advise the residents that a public hearing will be held at which time any persons wishing to be heard on the budget may appear. The statement shall be a prominently displayed advertisement or news article and shall not be placed in that section of the newspaper where legal notices appear.

(f) At least one week prior to the meeting of the governing authority at which adoption of the budget ordinance or resolution will be considered, the governing authority shall conduct a public hearing, at which time any persons wishing to be heard on the budget may appear.

(g) (1) The governing authority shall give notice of the time and place of the budget hearing required by subsection (f) of this Code section at least one week before the budget hearing is held. The notice shall be published in a newspaper of general circulation within the jurisdiction of the governing authority. The statement shall be a prominently displayed advertisement or news article and shall not be placed in that section of the newspaper where legal notices appear.

(2) The notice required by paragraph (1) of this subsection may be included in the statement published pursuant to subsection (e) of this Code section in lieu of separate publication of the notice.

(h) Nothing in this Code section shall be deemed to preclude the conduct of further budget hearings if the governing body deems such hearings necessary and complies with the requirements of subsection (e) of this Code section.

O.C.G.A. 36-81-6 Adoption of budget ordinance or resolution; form of budget

(a) On a date after the conclusion of the hearing required in subsection (f) of Code Section 36-81-5, the governing authority shall adopt a budget ordinance or resolution making appropriations in such sums as the governing authority may deem sufficient, whether greater or less than the sums presented in the proposed budget. The budget ordinance or resolution shall be adopted at a public meeting which shall be advertised in accordance with the procedures set forth in subsection (e) of Code Section 36-81-5 at least one week prior to the meeting.

(b) The budget may be prepared in any form that the governing authority deems most efficient in enabling it to make the fiscal policy decisions embodied in the budget, but such budget shall be subject to the provisions of this article.

O.C.G.A. 36-81-7 Requirement of audits; conduct of audits; audits reports; forwarding of audits to state auditor; failure to file or correct deficiencies; public inspection

(a) (1) Beginning with the local government fiscal year which ends between July 1, 1994, and June 30, 1995, the governing authority of each unit of local government having a population in excess of 1,500 persons according to the latest estimate of population by the United States Bureau of the Census or its successor agency or expenditures of \$300,000 or more shall provide for and cause to be made an annual audit of the financial affairs and transactions of all funds and activities of the local government for each fiscal year of the local government.

(2) The governing authority of each local unit of government not included in paragraph (1) of this subsection shall provide for and cause to be made the audit required pursuant to paragraph (1) of this subsection not less often than once every two fiscal years. Audits performed pursuant to this paragraph shall be for both fiscal years.

(3) The governing authority of each local unit of government having expenditures of less than \$300,000 in that government's most recently ended fiscal year may elect to provide

for and cause to be made, in lieu of the biennial audit otherwise required under paragraph (2) of this subsection, an annual report of agreed upon procedures for that fiscal year. The agreed upon procedures shall include as a minimum: proof and reconciliation of cash, confirmation of cash balances, a listing of bank balances by bank, a statement of cash receipts and cash disbursements, a review of compliance with state law, and a report of agreed upon procedures. This agreed upon procedures report shall be in a format prescribed by the state auditor and shall constitute an annual audit report for purposes of and within the meaning of the requirements of subsections (d) through (g) of this Code section. The Department of Community Affairs is authorized to assist requesting local governments in preparing agreed upon procedures reports required under this paragraph and in establishing record-keeping procedures needed in preparing those reports and is further authorized to charge those local governments reasonable fees for that assistance. To the extent that the state auditor is able to perform the agreed upon procedures, the governing body may contract with the state auditor.

(4) At the option of the governing authority, an audit may be made at a lesser interval than one year.

(b) The audits of each local government shall be conducted in accordance with generally accepted government auditing standards. Each audit shall also contain a statement of any agreement or arrangement under which the local unit of government has assumed any actual or potential liability for the obligations of any governmental or private agency, authority, or instrumentality. Such statement shall include the purpose of the agreement or arrangement, shall identify the agency, authority, or instrumentality upon whose obligations the unit of local government is or may become liable, and shall state the amount of actual liability and the maximum amount of potential liability of the local government under the agreement or arrangement. To the extent that the state auditor is able to provide comparable auditing services, the governing body may contract with the state auditor.

(c) All annual audit reports of local units of government shall contain at least the following:

(1) Financial statements prepared in conformity with generally accepted governmental accounting principles, setting forth the financial condition and results of operation of each fund and activity of the local government and such financial statements shall be the representation of the local government; and

(2) The opinion of the performing auditor with respect to the financial statement; in addition to an explanation of any qualification or disclaimers contained in the opinion, such opinion shall also disclose, in accordance with generally accepted government auditing standards, any apparent material violation of state or local law discovered during the audit.

(d) (1) Each annual audit report of a local unit of government shall be completed and a copy of the report forwarded to the state auditor within 180 days after the close of the unit's fiscal year. In addition to the audit report, the local unit of government shall forward to the state auditor, within 30 days after the audit report due date, written comments on the findings and recommendations in the report, including a plan for corrective action taken on prior findings. If corrective action is not necessary, the written

comments should include a statement describing the reason it is not. In the case of units provided for in paragraph (2) of subsection (a) of this Code section, the audit reports for both fiscal periods shall be submitted within 180 days after the close of each second fiscal year and the written comments shall be submitted within 30 days after the report due date.

(2) The state auditor shall review the audit report and written comments submitted to the auditor's office to ensure that it meets the requirements for audits of local governments. If the state auditor finds the requirements for audits of local governments have not been complied with, the state auditor shall within 60 days of receipt of the audit or the written comments notify the governing authority and the auditor who performed the audit and shall submit to them a list of deficiencies to be corrected. A copy of this notification shall also be sent by the state auditor to each member of the General Assembly whose senatorial or representative district includes any part of the unit of local government.

(3) If the state auditor has not received any required audit or written comments by the date specified in paragraph (1) of this subsection, the state auditor shall within 30 days of such date notify the unit of local government that the audit has not been received as required by law. A copy of this notification shall also be sent by the state auditor to each member of the General Assembly whose senatorial or representative district includes any part of the unit of local government.

(4) The state auditor, for good cause shown by those local units in which an audit is in the process of being conducted or will promptly be conducted may waive the requirement for completion of the audit within 180 days. Such waiver shall be for an additional period of not more than 180 days and no such waiver shall be granted for more than two successive years to the same unit of local government.

(5) No state agency shall make or transmit any state grant funds to any local government which has failed to provide all the audits required by law within the preceding five years.

(e) A copy of the report and of any comments made by the state auditor pursuant to paragraph (2) of subsection (d) of this Code section shall be maintained as a public record for public inspection during the regular working hours at the principal office of the local government. Those units of local government not having a principal office shall provide a notification to the public as to the location of and times during which the public may inspect the report.

(f) Upon a failure, refusal, or neglect to have an annual audit made, or a failure to file a copy of the annual audit report with the state auditor, or a failure to correct auditing deficiencies noted by the state auditor, the state auditor shall cause a prominent notice to be published in the legal organ of, and any other newspapers of general circulation within, the unit of local government. Such notice shall be a prominently displayed advertisement or news article and shall not be placed in that section of the newspaper where legal notices appear. Such notice shall be published twice and shall state that the governing authority of the unit of local government has failed or refused, as the case may be, to file an audit report or to correct auditing deficiencies, as the case may be, for the fiscal year or years in question. Such notice shall further state that such failure or refusal is in violation of state law.

(g) The state auditor may waive the requirement of correction of auditing deficiencies for a period of one year from the required audit filing date, provided evidence is presented that substantial progress is being made towards removing the cause of the need for the waiver. No such waiver for the same set of deficiencies shall be granted for more than two successive years to the same local government.

AUGUSTA, GEORGIA
FISCAL POLICIES

FUND ACCOUNTING

The accounts of the Augusta Georgia Government are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance/retained earnings, revenues, and expenditures/expenses. The following fund types are used by Augusta Georgia:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions are financed. The acquisition, use, and balances expendable, financial resources, and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Augusta Georgia Governmental Fund Types:

General Fund – The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – The Special Revenue funds are used to account for the proceeds of specific revenue sources (other than Capital Project and Trust Funds) that are legally restricted to expenditures for specified purposes.

Debt Service Funds – The Debt Service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Project Funds – Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

PROPRIETARY FUND TYPES

Proprietary Funds are used to account for ongoing activities, which are similar to those often found in the private sector. The measurement focus is upon determination of net income. The following are Proprietary Fund Types:

Enterprise Funds – Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Internal Service Funds – The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis.

FIDUCIARY FUND TYPES

Fiduciary Funds are used to account for assets held in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

Pension Trust Funds – Pension Trust Funds are used to account for public employee retirement systems. The Pension Trust Funds are accounted for in the same manner as Proprietary Funds.

Agency Funds – Agency Funds account for assets held as custodian or agent for individuals, other governmental units, and non-public organizations. Agency funds are custodial in nature (assets equal liabilities) and do not include the measurement of results of operations.

Basis of Accounting

Basis of accounting refers to how revenues and expenditures or expenses and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds and Expendable Trust Funds are accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on their balance sheet. Governmental Fund operating statements present increases (revenues and other sources) and decreases (expenditures and other financing uses) in net current assets.

All Governmental Fund Types are maintained on the modified accrual basis of accounting, revenues are generally recognized when they are susceptible to accrual, i.e.

when they become measurable and available. Revenues which are considered susceptible to accrual are property and other miscellaneous taxes, assessments, grants from other governments, and interest on investments. Revenues from sales tax, fines, forfeits and penalties, and franchise fees are not susceptible to accrual, since they are neither measurable nor available prior to their receipt. Expenditures are generally recorded as the liabilities are incurred, if measurable. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All Proprietary Fund Type statements are prepared on the accrual basis of accounting. Revenues are recognized when they have been earned and are measurable; expenses are recognized when they are incurred, if measurable. Uncollected water and sewer charges are recorded as receivables at year-end and are reported as revenues of the Enterprise Funds.

The Fiduciary Funds are maintained on an accounting basis consistent with fund accounting measurement objectives. The Pension Trust Fund is accounted for on the accrual basis. Agency Fund assets and liabilities are accounted for on the modified accrual basis.

BUDGETARY BASIS:

The General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds are developed on the same basis consistent with the accounting treatment. The budgets are developed on a modified accrual basis in accordance with Generally Accepted Accounting Principles (GAAP) consistent with the Governmental Accounting Standards Board (GASB).

The Enterprise Funds and Internal Service Funds are developed on the accrual basis in accordance with Generally Accepted Accounting Principles (GAAP) consistent with the Governmental Accounting Standards Board (GASB).

FINANCIAL MANAGEMENT

The purpose of this section is to present the policies-guidelines that Augusta Georgia follows in managing its financial and budgetary affairs. Most of the policies-guidelines listed below are not new, but represent long-standing principles and traditions which have guided Augusta Georgia in the past and have allowed Augusta Georgia to maintain its financial stability, even during economic recessions.

OPERATING BUDGET GUIDELINES

1. Essential services will receive first priority for funding.
2. The Consolidated Government will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' expenses. This is addressed in the inter period equity measurement concept which states the need to measure whether current-year revenues were sufficient to pay for current-year services. A measure of Inter period equity would show whether current-year citizens received services but shifted part of the payment burden to future-year citizens or used up previously accumulated resources.
3. The Consolidated Government will maintain a budgetary control system to ensure adherence to the budget and will prepare quarterly interim financial reports comparing actual revenues and expenditures to budgeted amounts.
4. Service quality, technological innovation and productive leadership will characterize Augusta Georgia's financial administration.

**AUGUSTA, GEORGIA
FY 2018 CIP FUNDING**

SPECIAL PURPOSE ONE PERCENT LOCAL SALES TAX

Augusta Georgia derives revenues from the Special Purpose One Percent Sales Tax collection that will continue until \$215.5 million has been collected which is the sixth phase of collection. Collections for this phase began April 1, 2016. This special purpose sales tax is designated revenues resulting from a Georgia General Assembly bill in 1985 authorizing counties in the State of Georgia to levy and collect a special one percent tax for approved capital expenditures.

CONTINGENCY RESERVE POLICIES

The Consolidated Government will establish a contingency line item expenditure in the general operating fund to provide for unanticipated expenditures of a nonrecurring nature, or to meet unexpected small increases in service delivery costs. This reserve will not exceed three percent (3%) of the General Fund. Appropriations from this area require approval of the Commission.

INVESTMENT POLICIES

1. Disbursement, collection, and deposit of all funds will be managed to ensure maximum cash availability.
2. The Consolidated Government will obtain the best possible return on all cash investments within the limits of state law, local ordinances and prudent investment practices.

AUGUSTA, GEORGIA
ACCOUNTING, AUDITING AND FINANCIAL REPORTING POLICIES

1. An independent audit will be performed annually.
2. The Consolidated Government will produce annual financial reports in accordance with generally accepted accounting practices (GAAP) as outlined in GAAFR and GASB.

REVENUE POLICIES

In Augusta Georgia's fiscal administration, management of revenues must be a primary concern along with the careful review and control of expenditures.

1. The Consolidated Government will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source.
2. The Consolidated Government will follow an aggressive policy of collecting revenues.
3. The Consolidated Government will establish all user charges and fees at a level related to the full cost (operating, direct, indirect, and capital) of providing the service. The Consolidated Government will review fees/charges annually.
4. The Consolidated Government will consider market rates and charges levied by other public and private organizations for similar services in establishing tax rates, fees and charges.

All Enterprise Funds should be self-supporting. Revenue management includes within its focus, an ongoing process for reviewing and analyzing each revenue source to ensure that proceeds from each source are at its maximum level. It is essential in this process to understand the legal, political and economic factors that have an influence on the level of revenue collections.

The following revenue policies are followed when considering the rates for revenue sources:

1. **LOCAL TAXES**

- a. Consider the local taxing effort of Augusta Georgia as compared to other similar neighboring municipalities.
- b. Consider the demand and need for public services.

2. **INTER-GOVERNMENTAL REVENUE/STATE SHARED TAXES**

- a. Ensure that Augusta Georgia receives a fair proportion of all shared taxes and revenues within the State of Georgia

3. **CHARGES FOR SERVICES**

- a. Include within the charge, operating, capital and indirect costs of providing the service.
- b. Consider the market rates charged by other public and private organizations for similar services.

4. **FEES AND LICENSES**

- a. Consider cost of administering and collecting the fees or licenses.
- b. Consider what other jurisdictions are charging for similar licenses and fees.
- c. Determine the purpose of the fee and if it is being accomplished.

5. **GENERAL GUIDELINES**

- a. Whenever possible, revenue sources should be designed or modified to include provisions to automatically allow the collections to grow at a rate that keeps pace with the cost of providing the service.
- b. All charges for services, fees and licenses should be reviewed annually and whenever possible recommendations for adjustments should be made at one time.

FINANCIAL CONDITION

Financial condition refers to whether a government can generate enough revenues over its normal budgetary period to meet its expenditure obligations and not incur deficits. The financial condition of Augusta Georgia should be structured in such a way that a balanced budget can be maintained on a current basis while providing necessary service levels, pay all obligations in a timely manner without incurring deficits, and assuring adequate reserves and cash flow.

**AUGUSTA, GEORGIA
REVENUE ANALYSIS
PROPERTY TAXES**

TAX DIGEST

The Chief Tax Assessor is responsible for receiving returns and fairly and impartially assessing property. The total assessed valuation for the 2017 Tax Digest is set at \$5.42 billion compared to \$5.711 in 2016.

The chart below shows the actual changes in the millage rates for the Urban Services District (old City) and for the County based on the 2017 Tax Digest. It does not include millage rates levied by Richmond County Board of Education.

YEAR 2016/2017 TAX RATE

	COUNTYWIDE			URBAN		
	2016	2017	Difference	2016	2017	Difference
County-wide M&O	9.794	9.786	(0.008)	9.794	9.786	(0.008)
Capital Outlay	0.781	0.780	(0.001)	0.781	0.780	(0.001)
County Bonds	0.000	0.000	0.000	0.000	0.000	0.000
Fire	2.139	2.136	(0.003)	0.000	0.000	0.000
Urban M&O	0.000	0.000	0.000	5.216	5.225	0.009
Total	12.714	12.702	(0.012)	15.791	15.791	0.000

Millage Value for Augusta Georgia Government

One mill is the equivalent of \$1 of tax for each \$1,000 of assessed value of a resident's property. Assessed value is arrived at by multiplying 40% times the estimated fair market value of the property. If a resident has property with an estimated fair market value of \$100,000, the assessed value is \$40,000 (100,000 X 40%). This value, less allowable exemptions, multiplied by each taxing levy will generate the taxes on each property.

AUGUSTA, GEORGIA REVENUE ANALYSIS

Introduction: Eight major revenue sources display historical trends; these mentioned here are very stable and predictable.

The Revenue Summary discusses revenue by source. Information on the impact of revenues on various budget entities will be presented in the Funds Budgets and Program Budgets sections of this Budget document.

Property taxes are the largest revenue source of the total budgeted revenues for the General Fund (including Law Enforcement Fund), Urban Services District, Capital Outlay Fund and Fire Services District appropriated funds. According to the Georgia Constitution as amended, there are three “Classes” of property from which property taxes are collected. Furthermore, certain properties are “exempted” from taxation by constitution. In addressing property taxes, the following are discussed:

1. Tangible Property
 - (1) real property (real estate)
 - (2) personal property
 - (3) public utility property
2. Intangible Property
3. Automobiles and Trailers (which require tags)
4. Exempt Property

All property taxes are ad valorem. Ad Valorem means “according to value” therefore taxes are based on the value of the property a person owns. The value which is placed on each type of property is regulated by state laws and affected by court decisions. Since 1968, Georgia Law has required the assessed valuation of all property for tax purposes be set at 40% of the fair market value. Fair market value is what the property would bring if it were sold on the open market in the usual manner, (i.e. a forced sale would not reflect market value).

The actual amount of tax charged an owner of a piece of property depends on its assessed value and on the county tax rate (millage rate). The tax rate is set by the Augusta Georgia Commissioners and excludes the rate needed by the County Board of Education. In determining the rate each year, both Boards consider how much money they will need during the year in their budgets to provide services and carry on daily operations.

OTHER TAXES

OTHER TAXES: OTHER TAX REVENUES INCLUDE THE FOLLOWING:

Local Option Sales and Use Tax
Occupational Taxes
Real Estate Transfer Tax
Insurance Premium Tax
Franchise Taxes
Malt and Alcohol Beverage Taxes
Hotel Motel Taxes
Local Option Mixed Drink Tax
Special Purpose Local Option Sales and Use Tax

AUGUSTA, GEORGIA
DEBT POLICIES/GUIDELINES

1. The Consolidated Government will confine long-term borrowing to capital improvements and moral obligations.
2. The Consolidated Government will use short-term debt for bond anticipation purposes and tax anticipation purposes only if necessary.
3. The Consolidated Government will follow a policy of full disclosure on every financial report and bond prospectus.
4. General obligation debt will not be used for enterprise activities.
5. The Consolidated Government will maintain a bond retirement fund reserve balance which is equivalent to the amount of tax-supported debt service due for general obligation bonds in the next fiscal year.
6. The Consolidated Government will use voted general obligation debt to fund General Purpose Public improvements, which cannot be financed from current revenues or the unreserved portion of the unvoted debt capacity.

RESERVES

RESERVE POLICY

Reserve policies are an important factor in maintaining the Consolidated Government's good fiscal health. Augusta Georgia employs two primary types of reserves.

1. Operating Reserves
2. Debt Reserves

The degree of need for these reserves differ based upon the type of fund or operation involved. However, one policy statement for each type of reserve can be uniformly applied to all funds.

OPERATING RESERVES

There are two types of operating reserves:

1. An appropriated contingency, which provides for unexpected or unanticipated expenditures during the year. This is the amount of contingency budget, normally stated as part of the operating budget.
2. Fund balance reserve of working capital is established to provide for unforeseen revenue losses. This reserve is not appropriated but recognized and maintained in

the fund balance. The government has a reserve policy to fund working capital up to 60-90 days and to provide for unforeseen economic decline and for revenue stability.

DEBT RESERVES

Debt reserves are established to protect bond holders from payment default. Adequate debt reserves are essential in maintaining good bond ratings.

DEBT ADMINISTRATION

The soundness of Augusta Georgia's financial condition is demonstrated by the Aa2 rating of its bonds by Moody's Investor Service (this rating is given to bonds that are judged to be of high quality by all standards). The constitutional debt limit for direct general obligation bonds is 10 percent of the assessed value of taxable property within the County.
