

Rules and Regulations for use of Roll-Off Containers

1. All material placed in container must be at or below fill line on container. No material within should extend above the top or sides of the container.
2. No liquids, batteries, electronics, paint or petroleum based products, tires, dirt, hazardous materials or large metal parts are allowed in the container unless specifically marked.
3. Once a container is placed, all communication regarding the container should be directed to Keep Augusta Beautiful by calling (706)-312-4125 or emailing keepaugbeautifulvm@augustaga.gov.
4. Please do not attempt to move the container. We can relocate if necessary. Damage will occur if correct equipment is not utilized.
5. The container's use is for a time not to exceed 6 days (Thursday to Tuesday), if a delay is warranted, the Operations Manager will discuss with the NS.
6. You must contact Keep Augusta Beautiful if the container is to be dumped and removed prior to the end of your event.
7. A ten-foot space on the back and a five-foot space on the sides of the container must be maintained. Do not block the front of the container. The ten-foot space in the rear is necessary for opening the rear door for loading the container and for pickup and delivery.
8. Application needs to be submitted 14 to 30 days prior to the event date for processing and approval.

We are pleased to help with your disposal needs at Environmental Services. We ask for responsible safe use of our containers. This prevents harm or damage to our containers, to you, and our personnel. We ask for a signature on the bottom of this form as acknowledgement of your agreement to these rules and regulations.
