

Forecast of Contracting Opportunities

Now it’s even easier to find out about business contracting opportunities thanks to this web-based tool.

Procurement Forecast of Contracting Opportunities Tool provides information on planned city contracting opportunities. The tool assists with acquisition planning by helping vendors learn about potential prime contracting opportunities early in the process. Users can easily filter the data by agency, location (place of performance) by department and more.

The Forecast Tool User Guide [PDF] provides tips on how to use the tool and take advantage of its features.

Accessing the Procurement Forecast Tool

www.augustaga.gov

Finding Planned Opportunities Users can find planned opportunities in the Procurement Forecast Tool using the filter and search capabilities.

Procurement’s Forecast Tool Disclaimer

All projected Procurements are subject to revision or cancellation. Final decisions on the extent of competition, small business participation, estimated value, or any aspect of the Procurement action will not be made until each Procurement is posted to the local gazette, on Demand Star, Georgia Registrar. Forecast data is for planning purposes only and is not a commitment by the government to purchase the described products and services. If you have any questions about the Procurement Forecast Tool itself, contact us at bidandcontract.gov or 706 821-2422.
