November 30, 2010

The Honorable Deke Copenhaver, Mayor
Members of the Augusta-Richmond County Commission
530 Greene Street
Augusta, GA 30901

Dear Mayor Copenhaver and Members of the Commission:

Please find the fiscal year 2011 Augusta-Richmond County budget as approved on November 16, 2010. As the economy continues to recover from the great recession, we will begin the new year with no new significant sources of revenue. As such, this budget assumes no growth in the tax digest and only a slight increase in sales tax collections.

The areas of law enforcement and the judicial process comprise 76% of this government's operating expenditures. Adding to the costs of operations for Law Enforcement and Judicial Services are the opening of two new facilities, The Judicial Center and the expansion of the Webster Detention Center. While we are anticipating savings from efficiencies in the operation of these facilities in future years, during the first year we will recognize no savings. Current revenues cannot keep pace with the ever increasing costs to house prisoners and protect our citizens; consequently programmatic reductions to both the general fund and law enforcement were required to balance the 2011 budget.

With the goal to maintain a reasonable level of service for the citizens of Augusta, many difficult decisions were and will have to be made as the 2011 budget is implemented. They include:

- ✚ A reorganization of governmental operations that will equate to a savings of \$1.5 million thru operational efficiencies and service reductions.
- ✚ A mandatory freeze on capital outlay and the redirection of \$2.3 million to the general fund.
- ✚ The sale of surplus property expected to generate an estimated \$2 million in revenue.
- ✚ 5 furlough days for all employees with a resulting cost reduction of \$1 million.
- ✚ The use of \$1.5 million of fund balance.

During the next several months, before the mill rate is adopted in July, we will analyze actual revenue patterns for six months. This will allow us the opportunity to revise our revenue and expenditure needs and adjust our projections accordingly.

I look forward to working with you as we concentrate on dealing with the multifaceted financial issues that face our city.

Sincerely,

Frederick L. Russell
Administrator

MISSION

To provide to all its citizens cost-effective, high quality government services in an environment which enhances the economic well-being and quality of life in Augusta Metropolitan Area.

BELIEFS

WE BELIEVE that open, honest communications with the public and among governing officials will assure the accomplishment of our community objectives.

WE BELIEVE that to be successful the process of government must include all citizens.

WE BELIEVE that government should employ good business practices resulting in efficiency, accountability, and performance measurement.

WE BELIEVE that citizens who are provided government services should be viewed as “our customers” and treated in a manner which is responsive, courteous, an efficient.

AUGUSTA, GEORGIA

**BUDGET PROCESS,
BUDGETARY GUIDELINES
AND BUDGET CALENDAR
FY 2011**

AUGUSTA, GEORGIA FY 2011 BUDGET

THE BUDGET PROCESS

The budget has several major purposes. It converts the City's long-range plans and policies into services and programs; serves as a vehicle to communicate these plans to the public; details the costs of City services and programs; and, outlines the revenues (taxes and fees) that support the City services, including the rate of taxation for the coming fiscal year. Once the budget has been adopted by the Board of Commissioners, it becomes a work plan of objectives to be accomplished during the next fiscal year.

The budget process begins in the spring of each year with the development of the Contributory Budget Manuals which embody the budget formulation guidelines. This manual provides specific guidelines, such as inflation factors and computation/projection methodologies. Based on these guidelines, all City departments and agencies prepare their funding requests and submit them to the Department of Finance in August for review and analysis.

Departments and agencies submitted detailed operating budget requests to the Finance Department on August 9, 2010, in accordance with procedures established by the Budget Calendar. The budget requests of City agencies and departments included basic and additional funding requests. Basic requests finance currently mandated or authorized services within guidelines, or ongoing expenditures. Expanded level program requests are over and above the basic 2010 service levels.

After analyzing the budget requests, Budget staff met with the Administrator, department heads and agency heads during the month of September for review of their request. The Administrator's proposed FY 2011 budget reflects his consideration of these recommendations in light of revenue projections and real property assessments, and his top priority initiatives are reflected in the Budget Message. The ranking of supplemental requests in the budget document generally reflects the department or agency head's priority ranking as submitted to the Budget Office.

As presented to the Augusta-Richmond County Commission, the Proposed Budget is intended to provide the resources necessary to continue current services. In his Budget Message, the Administrator may also recommend adjustments to the general property tax rates and user fees necessary to finance these services and identify high priority needs, new initiatives and program changes that the Augusta-Richmond County Commission may wish to consider during its deliberations on the budget. These and other issues brought forward at the public hearing on the budget will be addressed during the City Commission budget work session in November 2010. After careful deliberation, the Proposed Budget, as modified for additions and deletions, is to be adopted by the City Commission on November 16, 2010.

**AUGUSTA, GEORGIA
2011 BUDGET PLANNING CALENDAR**

JULY 2010

July 15, 2010 Distribution of Budget Handbook with Instructions and meeting with all department heads or assistants.

July 20, 2010 Commission approves FY 2011 Budget Calendar.

July 26, 2010 Departments with access may start entering budget detail into IFAS System

AUGUST 2010

August 9, 2010 Departmental Budgets due to Finance for departments without access to IFAS system. Budget analysts begin review of proposed budgets for budget hearings.

August 11, 2010 Deadline for budgets to be entered into Budget Item Detail by IFAS users.

Aug 23-31, 2010 Budget Hearings with Departments (**call if desired**). Budget hearings would be lead by the Finance Department with a report of new programs and personnel submitted to Administrator at conclusion of hearings. Administrator would be aware of all budget hearings, however his attendance would not be mandatory. A representative of the administrator's office would be in all hearings.

SEPTEMBER 2010

September 27, 2010 Primary budget summary of reviews from Finance department presented to Administrator. Revenue Estimates Revised.

OCTOBER 2010

October 19, 2010 FY 2011 Budget presented to Augusta-Richmond County Commission by the Administrator. Publish in paper upon presentment.

October 26, 2010 Publish Public Hearing Notice in paper one week before meeting.

NOVEMBER 2010

November 4, 2010 ***PUBLIC TOWN MEETING/ COMMISSION WORKSHOP***
Public Hearing of 2011 Budget.

November 9, 2010 Publish Notice of Budget Adoption in paper one week before meeting.

November 16, 2010 Adoption of the FY 2011 Budget by the Augusta-Richmond County Commission

JANUARY 2011

January 1, 2011 Effective date for the Fiscal year 2011 Budget.

BUDGETS AND BUDGETARY ACCOUNTING

Augusta-Richmond County follows these procedures in establishing the budgetary process and data reflected in this report.

- 1) Departments and Agencies submit detailed budget requests to the Budget Office in the Finance Department, which reviews and compiles the requests and makes recommendations to the Administrator.
- 2) The Administrator submits a proposed balanced budget to the Augusta-Richmond County Commission in November 2010.
- 3) The Augusta-Richmond County Commissioners hold such public workshops as it deems necessary and holds an advertised public hearing on the proposed budget at which the first reading of the budget resolution occurs. The budget is adopted at a regular Board meeting, advertised in accordance with State law prior to January first.
- 4) Formal budgetary integration is employed for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.
- 5) Budgets for governmental fund types are maintained on a basis consistent with generally accepted accounting principles.
- 6) The Administrator and Finance Director are authorized to transfer budgeted amounts within departments, with the exception of transfers which increase salary appropriations. The Augusta-Richmond County Commissioners may transfer amounts between departments and approve appropriations of additional resources.

ENCUMBRANCES AND APPROPRIATIONS

Appropriations are encumbered as a result of purchase orders, contracts or other forms of legal commitments. Encumbrances outstanding at year-end are reported as a reservation of fund balance at year-end. Appropriations lapse at year end; however, reappropriations of amounts to cover significant encumbrances are made by the Augusta-Richmond County Commissioners during the subsequent fiscal year as an amendment to the budget. The level of control (level at which expenditures may not legally exceed the budget) is exercised by the Augusta-Richmond County Commissioners on a departmental level.

BASIC SERVICES

In this year's budget process, the service level and associated funding level will be used to try to hold increases in operating costs to a minimum. "Basic Services" used in the development of FY 2011 budgeting included the following activities:

1. Activities that are required by law or ordinance

Example: Many Inspections Department functions are required by ordinance to assure compliance with County codes.

2. Activities that affect the public health and safety

Example: Many Public Safety activities, such as routine patrol, affect the general public safety.

3. Activities that are necessary to preserve capital asset value

Example: In order to preserve the capital asset value of the Old Government House, the Recreation department would be required to at least staff it to be open, rather than let it sit idle.

AUGUSTA, GEORGIA

THE REPORTING ENTITY

**OPERATING POLICIES/GUIDELINES AND
LEGAL REQUIREMENTS FOR BUDGETING,
ACCOUNTING, FINANCIAL REPORTING
AND ANNUAL AUDIT
FY 2011**

AUGUSTA, GEORGIA

FY 2011 BUDGET

THE REPORTING ENTITY:

Augusta is located in the east central section of the state on the south bank of the Savannah River, which serves as the boundary between Georgia and South Carolina. Augusta is on a fault line and has a landscape dotted with foothills which descend to the coastal plain. Augusta is the head of the navigation on the Savannah River and is 135 miles east of Atlanta, 127 miles northwest of the port of Savannah, and 72 miles southwest of Columbia, South Carolina. Augusta is the trade center for 14 counties in Georgia and five in South Carolina, a section known as the Central Savannah River Area.

The Government was created by legislative act in the State of Georgia in 1995 from the unification of the two governments, the City of Augusta, Georgia and Richmond County, Georgia. On June 20, 1995, the citizens of Richmond County and the City of Augusta voted to consolidate into one government named Augusta, Georgia. The officials for the new government were elected and, based on the charter, took office on January 1, 1996. The unified government combined all functions and began financial operations January 1, 1996.

The Government is governed by a full-time Mayor, with a term of four years, and a ten member Commission, who serves on a part-time basis and is elected to staggered terms of four years. The Mayor and Commission appoint an Administrator who serves as a full-time administrative officer and is responsible for the daily operations of the Government.

Augusta, Georgia's combined financial statements include the accounts of all Augusta and Richmond County operations. The criteria for including organizations as component units within Augusta's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Government holds the corporate powers of the organization
- the Government appoints a voting majority of the organization's board
- the Government is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the County
- there is fiscal dependency by the organization on the Government

Utilizing the above criteria, the following agencies and commissions were included using the blending method in the financial statements: Augusta Port Authority, Downtown Development Authority, and Richmond County Public Facilities, Inc.

The component unit column in the combined financial statements includes the financial data of Augusta's other component unit. This unit is reported in a separate column to

emphasize that it is legally separate from Augusta. Separate financial statements may be obtained from the Richmond County Department of Health.

Richmond County Department of Health – A voting majority of the board is appointed by the Government.

The complete financial statement for the individual component units may be obtained at the following address: Augusta, Georgia, Finance Department-Room 207, 530 Greene Street, Augusta, Georgia 30901 or on the web site www.augustaga.gov.

The following organizations were excluded from the reporting entity because the elected officials of Augusta are not financially accountable for the organization, and based on the nature and significance of their relationship, exclusion of the organizations would not result in the presentation of misleading or incomplete financial statements. Financial statements are available from the organizations.

Augusta Housing Authority
Augusta-Richmond County Coliseum Authority
Augusta Canal Authority
City of Augusta Hospital Authority

BUDGETS AND AUDITS – LEGAL REQUIREMENTS:

Georgia Law Chapter 81 Budgets and Audits – Article 1 – Local Government Budgets and audits provide for the legal framework and legal compliance for budget adoption, budget amendment and audits. The intent of this code section is to provide minimum budget and auditing requirements for local governments so as to provide local taxpayers with an opportunity to gain information concerning the purpose for which local revenues are proposed to be spent and are actually spent and to assist local governments in generally improving local financial management practices, while maintaining, preserving, and encouraging the principle of home rule over local matters. It is also the intent to provide a mechanism through which appropriate information may be collected to assist state and local policy makers in carrying out their lawful responsibilities.

O.C.G.A. 36-81-3 Establishment of fiscal year; requirement of annual balanced budget; adoption of budget ordinances or resolutions generally; budget amendments.

- a) The governing authority shall establish by ordinance, local law, or appropriate resolution a fiscal year for the operations of the local government.
- b) Each unit of local government shall operate under an annual balanced budget adopted by ordinance or resolution and administered in accordance with this article. A budget ordinance or resolution is balanced when the sum of estimated net revenues and appropriated fund balances is equal to appropriations.

- c) For each fiscal year beginning on or after January 1, 1982 each unit of local government shall adopt and utilize a budget ordinance or resolution as provided in this article.
- d) Nothing contained in this Code section shall preclude a local government from amending its budget so as to adapt to changing governmental needs during the fiscal year. Amendments shall be made as follows, unless otherwise provided by charter or local law:
 - 1) Any increase in appropriation in any fund for a department of local government, whether accomplished through a change in anticipated revenues in any fund or through a transfer of appropriation among departments, shall require the approval of the governing authority. Such amendment shall be adopted by ordinance or resolution;
 - 2) Transfers of appropriations in any fund below the local government's legal level of control shall require only the approval of the budget officer; and
 - 3) The governing authority of a local government may amend the legal level of control to establish a more detailed level of budgetary control at any time during the budget period. Said amendment shall be adopted by ordinance or resolution.

O.C.G.A. 36-81-6 Adoption of budget ordinance or resolution; form of budget

- a) On a date after the conclusion of the hearing required in subsection (f) of Code Section 36-81-5, the governing authority shall adopt a budget ordinance or resolution making appropriations for the fiscal year in such sums as the governing authority may deem sufficient, whether greater or less than the sums presented in the proposed budget. The budget ordinance or resolution shall be adopted at a public meeting which shall be advertised in accordance with the procedures set forth in subsection (e) of Code Section 36-81-5 at least one week prior to the meeting.
- b) The budget may be prepared in any form that the governing authority deems most efficient in enabling it to make the fiscal policy decisions embodied in the budget, but such budget shall show anticipated revenues and appropriations by fund.

O.C.G.A. 36-81-7 Requirement of audits; conduct of audits; contents of audits to state auditor; availability of copies of audits for public inspection.

- (a) Beginning with the local government fiscal year which ends between July 1, 1994, and June 30, 1995, the governing authority of each unit of local government having a population in excess of 1,500 persons according to the latest estimate of population by the United States Bureau of the Census or its successor agency or expenditures of \$300,000.00 or more

shall provide for and cause to be made an annual audit of the financial affairs and transactions of all funds and activities of the local government for each fiscal year of the local government.

- (b) The governing authority of each local unit of government not included in paragraph (a) of this subsection shall provide for and cause to be made the audit required pursuant to paragraph (a) not less often than once every two fiscal years. Audits performed pursuant to this paragraph shall be for both fiscal years.
- (c) The governing authority of each local unit of government having expenditures of less than \$300,000 in that government's most recently ended fiscal year may elect to prepare, in lieu of the biennial audit otherwise required under paragraph (2) of this subsection, an annual report of agreed upon procedures for that fiscal year.

AUGUSTA, GEORGIA

FISCAL POLICIES

FUND ACCOUNTING

The accounts of the Augusta-Richmond County Government are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance/retained earnings, revenues, and expenditures/expenses. The following fund types are used by Augusta-Richmond County:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the City are financed. The acquisition, use and balances of the City's expendable financial resources, and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Augusta-Richmond County's Governmental Fund Types:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - The Special Revenue funds are used to account for the proceeds of specific revenue sources (other than Capital Project and Trust Funds) that are legally restricted to expenditures for specified purposes.

Debt Service Funds - The Debt Service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Project Funds – Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

PROPRIETARY FUND TYPES

Proprietary Funds are used to account for the City's ongoing activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income. The following are the City's Proprietary Fund Types:

Enterprise Funds – Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise – where the intent of the governing body is that the costs (expenses, including depreciation) or providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Internal Service Funds – The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City on a cost-reimbursement basis.

FIDUCIARY FUND TYPES

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

Pension Trust Funds – Pension Trust funds are used to account for public employee retirement systems. The Pension Trust Funds are accounted for in the same manner as Proprietary Funds.

Agency Funds – Agency Funds account for assets held by the City as custodian or agent for individuals, other governmental units, and non-public organizations. Agency funds are custodial in nature (assets equal liabilities) and do not include the measurement of results of operations.

Basis of Accounting

Basis of accounting refers to how revenues and expenditures or expenses and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds and Expendable Trust Funds are accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on their balance sheet. Governmental Fund operating statements present increases (revenues and other sources) and decreases (expenditures and other financing uses) in net current assets.

All Governmental Fund Types are maintained on the modified accrual basis of accounting, revenues are generally recognized when they are susceptible to accrual, i.e. when they become measurable and available. Revenues which are considered susceptible to accrual are property and other miscellaneous taxes, assessments, grants from other governments, and interest on investments. Revenues from sales tax, fines, forfeits and penalties, and franchise fees are not susceptible to accrual, since they are neither measurable nor available prior to their receipt. Expenditures are generally recorded as the liabilities are incurred, if measurable. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All Proprietary Fund Type statements are prepared on the accrual basis of accounting. Revenues are recognized when they have been earned and are measurable; expenses are recognized when they are incurred, if measurable. Uncollected water and sewer charges are recorded as receivables at year-end and are reported as revenues of the Enterprise Funds.

The Fiduciary Funds are maintained on an accounting basis consistent with fund accounting measurement objectives. The Pension Trust Fund is accounted for on the accrual basis. Agency Fund assets and liabilities are accounted for on the modified accrual basis.

BUDGETARY BASIS:

The General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds are developed on the same basis consistent with the accounting treatment. The budgets are developed on a modified accrual basis in accordance with Generally Accepted Accounting Principles (GAAP) consistent with the Governmental Accounting Standards Board (GASB).

The Enterprise Funds and Internal Service Funds are developed on the accrual basis in accordance with Generally Accepted Accounting Principle (GAAP) consistent with the Governmental Accounting Standards Board (GASB).

FINANCIAL MANAGEMENT

The purpose of this section is to present the policies-guidelines that Augusta-Richmond County follows in managing its financial and budgetary affairs. Most of the policies-guidelines listed below are not new, but represent long-standing principles and traditions which have guided Augusta-Richmond County in the past and have allowed Augusta-Richmond County to maintain its financial stability, even during economic recessions.

OPERATING BUDGET GUIDELINES

1. Essential services will receive first priority for funding.
2. The City will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' expenses. This is addressed in the inter period equity measurement concept which states the need to measure whether current-year revenues were sufficient to pay for current-year services. A measure of Inter period equity would show whether current-year citizens received services but shifted part of the payment burden to future-year citizens or used up previously accumulated resources.
3. The City will maintain a budgetary control system to ensure adherence to the budget and will prepare quarterly interim financial reports comparing actual revenues and expenditures to budgeted amounts.
4. Service quality, technological innovation and productive leadership will characterize Augusta, Georgia's financial administration.

**AUGUSTA, GEORGIA
FY 2011 CIP FUNDING**

SPECIAL PURPOSE ONE PERCENT LOCAL SALES TAX

Augusta-Richmond County January 1, 2011 derives revenues from the Special Purpose One Percent Sales Tax collection that will start and will continue until \$184.4 million has been collected which is the Sixth phase of collection. This special purpose sales tax is dedicated revenues resulting from a Georgia General Assembly bill in 1985 authorizing counties in the State of Georgia to levy and collect a special one percent tax for approved capital expenditures.

CONTINGENCY RESERVE POLICIES

The City will establish contingency line item expenditure in the general operating fund to provide for unanticipated expenditures of a nonrecurring nature, or to meet unexpected small increases in service delivery costs. This reserve will not exceed three percent (3%) of the General Fund. Appropriations from this area require approval of the Commission.

INVESTMENT POLICIES

1. Disbursement, collection, and deposit of all funds will be managed to ensure maximum cash availability.
2. The City will obtain the best possible return on all cash investments within the limits of state law, local ordinances and prudent investment practices.

AUGUSTA, GEORGIA
ACCOUNTING, AUDITING AND FINANCIAL REPORTING POLICIES

1. An independent audit will be performed annually.
2. The City will produce annual financial reports in accordance with generally accepted accounting practices (GAAP) as outlined in GAAFR and GASB.

REVENUE POLICIES

In Augusta-Richmond County fiscal administration, management of revenues must be a primary concern along with the careful review and control of expenditures.

1. The City will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source.
2. The City will follow an aggressive policy of collecting revenues.
3. The City will establish all user charges and fees at a level related to the full cost (operating, direct, indirect, and capital) of providing the service. The City will review fees/charges annually.
4. The City will consider market rates and charges levied by other public and private organizations for similar services in establishing tax rates, fees and charges.

All Enterprise Funds should be self-supporting. Revenue management includes within its focus, an ongoing process for reviewing and analyzing each revenue source to ensure that proceeds from each source are at its maximum level. It is essential in this process to understand the legal, political and economic factors that have an influence on the level of revenue collections.

The following revenue policies are followed when considering the rates for revenue sources:

1. **LOCAL TAXES**

- a. Consider the local taxing effort of Augusta-Richmond County as compared to other similar neighboring municipalities.
- b. Consider the demand and need for public services.

2. **INTER-GOVERNMENTAL REVENUE/STATE SHARED TAXES**

- a. Ensure that Augusta-Richmond County receives a fair proportion of all shared taxes and revenues within the State of Georgia

3. **CHARGES FOR SERVICES**

- a. Include within the charge, operating, capital and indirect costs of providing the service.
- b. Consider the market rates charged by other public and private organizations for similar services.

4. **FEES AND LICENSES**

- a. Consider cost of administering and collecting the fees or licenses.
- b. Consider what other jurisdictions are charging for similar licenses and fees.
- c. Determine the purpose of the fee and if it is being accomplished.

5. **GENERAL GUIDELINES**

- a. Whenever possible, revenue sources should be designed or modified to include provisions to automatically allow the collections to grow at a rate that keeps pace with the cost of providing the service.
- b. All charges for services, fees and licenses should be reviewed annually and whenever possible recommendations for adjustments should be made at one time.

FINANCIAL CONDITION

Financial condition refers to whether a government can generate enough revenues over its normal budgetary period to meet its expenditure obligations and not incur deficits. The financial condition of Augusta-Richmond County should be structured in such a way that a balanced budget can be maintained on a current basis while providing necessary service levels, pay all obligations in a timely manner without incurring deficits, and assuring adequate reserves and cash flow.

REVENUE ANALYSIS
PROPERTY TAXES**

TAX DIGEST

The Chief Tax Assessor is responsible for receiving returns and fairly and impartially assessing property. The total assessed valuation for the 2010 Tax Digest is set at \$5.1 billion compared to \$5.0 in 2009.

The chart below shows the actual changes in the millage rates for the Urban Services District (old City) and for the County based on the 2010 Tax Digest. It does not include millage rates levied by Richmond County Board of Education.

YEAR 2010/2009 TAX RATE

COUNTYWIDE				URBAN			
	2009	2010	Difference		2009	2010	Difference
County-wide M&O	8.149	8.056	(.093)		8.149	8.056	(.093)
Capital Outlay	0.791	0.782	(.009)		0.791	0.782	(.009)
County Bonds	0	0	N/A		0	0	N/A
Fire*	1.616	1.598	(.018)		N/A	N/A	N/A
Urban M&O	N/A	N/A	N/A		8.058	7.985	(.073)
Total*	10.556	10.436	(.120)		16.998	16.823	(.175)

*note Residents of the Blythe Fire District pay a fire tax rate of 2.808 making their 2010 Total Tax Rate 11.646.

Millage Value for Augusta-Richmond County Government

One mill is the equivalent of \$1 of tax for each \$1,000 of assessed value of a resident's home. Assessed value for homeowners is arrived at by multiplying 40% times the estimated fair market value of the property. If a resident has a home with estimated fair market value of \$100,000, the assessed value is \$40,000 (100,000 X 40%). This value, less allowable exemptions, multiplied by each taxing levy will generate the taxes on each home.

AUGUSTA, GEORGIA REVENUE ANALYSIS

Introduction: Eight major revenue sources display historical trends; these mentioned here are very stable and predictable.

The Revenue Summary discusses revenue by source. Information on the impact of revenues on various budget entities will be presented in the Funds Budgets and Program Budgets sections of this Budget document.

Property taxes are the largest revenue source of the total budgeted revenues for the General Fund (including Law Enforcement Fund), Urban Services District, Capital Outlay Fund and Fire Services District appropriated funds. According to the Georgia Constitution as amended, there are three “Classes” of property from which property taxes are collected. Furthermore, certain properties are “exempted” from taxation by constitution. In addressing property taxes, the following are discussed:

1. Tangible Property
 - (1) real property (real estate)
 - (2) personal property
 - (3) public utility property
2. Intangible Property
3. Automobiles and Trailers (which require tags)
4. Exempt Property

All property taxes are ad valorem. Ad Valorem means “according to value” therefore taxes are based on the value of the property a person owns. The value which is placed on each type of property is regulated by state laws and affected by court decisions. Since 1968, Georgia Law has required that the assessed valuation of all property for tax purposes be set at 40% of the fair market value. Fair market value is what the property would bring if it were sold on the open market in the usual manner, (i.e. a forced sale would not reflect market value).

The actual amount of tax charged an owner of a piece of property depends on its assessed value and on the county tax rate (millage rate). The tax rate is set by the Augusta-Richmond County Commissioners and excludes the rate needed by the County Board of Education. In determining the rate each year, both Boards consider how much money they will need during the year in their budgets to provide services and carry on daily operations.

OTHER TAXES

OTHER TAXES: OTHER TAX REVENUES INCLUDE THE FOLLOWING:

Local Option Sales and Use Tax
Occupational Taxes
Real Estate Transfer Tax
Insurance Premium Tax
Franchise Taxes
Malt and Alcohol Beverage Taxes
Hotel Motel Taxes
Local Option Mixed Drink Tax
Special Local Option Sales and Use Tax

AUGUSTA, GEORGIA

DEBT POLICIES/GUIDELINES

1. The City will confine long-term borrowing to capital improvements and moral obligations.
2. The City will use short-term debt for bond anticipation purposes and tax anticipation purposes only if necessary.
3. The City will follow a policy of full disclosure on every financial report and bond prospectus.
4. General obligation debt will not be used for enterprise activities.
5. The City will maintain a bond retirement fund reserve fund balance which is equivalent to the amount of tax-supported debt service due for general obligation bonds in the next fiscal year.
6. The City will use voted general obligation debt to fund General Purpose Public improvements which cannot be financed from current revenues or the unreserved portion of the unvoted debt capacity.

RESERVES

RESERVE POLICY

Reserve policies are an important factor in maintaining the City's good fiscal health. Augusta-Richmond County employs two primary types of reserves.

1. Operating Reserves
2. Debt Reserves

The degree of need for these reserves differ based upon the type of fund or operation involved. However, one policy statement for each type of reserve can be uniformly applied to all funds.

OPERATING RESERVES

There are two types of operating reserves:

1. An appropriated contingency which provides for unexpected or unanticipated expenditures during the year. This is the amount of contingency budget, normally stated as part of the operating budget.
2. Fund balance reserve of working capital is established to provide for unforeseen revenue losses. This reserve is not appropriated but recognized and maintained in the fund balance. The government has a reserve policy to fund working capital up

to 60-90 days and to provide for unforeseen economic decline and for revenue stability.

DEBT RESERVES

Debt reserves are established to protect bond holders from payment default. Adequate debt reserves are essential in maintaining good bond ratings.

DEBT ADMINISTRATION

The soundness of Augusta-Richmond County's financial condition is demonstrated by the Aa2 rating of its bonds by Moody's Investor's Service (this rating is given to bonds that are judged to be of high quality by all standards). The constitutional debt limit for direct general obligation bonds is 10 percent of the assessed value of taxable property within the County.
