INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
of Augusta, Georgia
Augusta, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Augusta, Georgia** (the "Government") as of and for the year ended December 31, 2011, which collectively comprise the Government's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Augusta, Georgia's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the component unit financial statements of the Richmond County Department of Health, the Augusta Canal Authority, the Downtown Development Authority, or the Augusta-Richmond County Coliseum Authority, which represent 65% of the assets and 96% of the revenues of the Government's component units for the year ended December 31, 2011. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the basic financial statements, insofar as it relates to the amounts included for these component units, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Augusta, Georgia as of December 31, 2011, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1, Augusta, Georgia implemented Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of January 1, 2011.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2012, on our consideration of Augusta, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in accessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 3 through 14) and the Required Supplementary Information (pages 87 and 88) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with accounting principles generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with the management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Augusta, Georgia's basic financial statements. The individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of special purpose local option sales tax proceeds are presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-121 and are also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules and the schedules of expenditures of special purpose local option sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Mauldin & Jenkins, LLC

Macon, Georgia
June 28, 2012

AUGUSTA, GEORGIA

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis of the Annual Financial Statements of Augusta, Georgia (the "Government") provides an overall narrative and analysis of the Government's financial statements for the fiscal year ended December 31, 2011. This discussion and analysis is designed to look at the Government's financial performance as a whole.

Financial Highlights

Key financial highlights for the year ended December 31, 2011 are as follows:

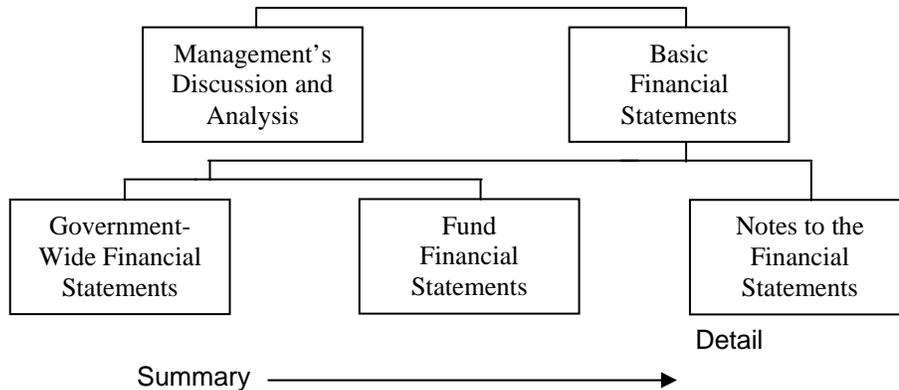

- The Government's combined net assets totaled \$913 million.
- The Government's total net assets increased by \$43 million, primarily due to capital spending funded by the Special Purpose Local Option Sales Tax revenues, federal aviation grants, and other tax revenues.
- As of the close of the current fiscal year, the Government's governmental funds reported combined ending fund balances of \$234.8 million, a decrease of \$46.2 million from the prior year. Approximately 13% of this total amount, or \$29.5 million, is available for spending at the government's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, total fund balance for the General Fund was \$35.1 million, or 28% of total General Fund expenditures for the fiscal year. Of this amount, \$4.7 million has been assigned for other purposes, leaving \$29.9 million, or 85% of total General Fund balance, as undesignated.
- Combined Revenue totaled \$380 million, of which governmental activities totaled \$227 million and business-type activities totaled \$153 million. Current year revenues increased approximately 7.8% from those of the prior year.
- Overall expenses totaled \$336.8 million, of which governmental activities totaled \$197 million and business-type activities totaled \$140 million. Current year expenses increased approximately 5% over those of the prior year.
- Expenses of governmental activities exceeded program revenue by \$141 million, resulting in the use of general revenues (mostly taxes).
- Total Outstanding Long-Term Debt, excluding compensated absences, increased approximately \$3.7 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Government's basic financial statements. The basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The basic financial statements present two different views of the Government through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Government.

Required Components of Annual Financial Report

Basic Financial Statements

The first two statements in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Government's financial status.

The next statements are the **Fund Financial Statements**. These statements focus on the activities of the individual parts of Augusta, Georgia's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Government's non-major governmental funds and internal service funds, all of which are added together in one column on the appropriate basic financial statements.

Government-wide Financial Statements

The government-wide financial statements provide a broad view of the Government's operations in a manner similar to a private-sector business. The statements provide both short-term and long-term information about the Government's financial position, which assists in assessing the economic condition at the end of the fiscal year. These statements are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. This means the statements take into account all revenues and expenses connected with the fiscal year even if cash involved has not been received or paid. The government-wide financial statements include the following two statements:

MANAGEMENT'S DISCUSSION AND ANALYSIS

The **Statement of Net Assets** presents information on all of the Government's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Government is improving or deteriorating.

The **Statement of Activities** presents information showing how the Government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). This statement also presents a comparison between direct expense and program revenues for each function of the Government.

The government-wide statements are divided into three categories: 1) governmental activities, 2) business-type activities and 3) component units. The governmental activities include most of the Government's basic services such as general administration, judicial services, public safety, public works, health and welfare, culture and recreation, and housing and development. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those services that the Government charges a fee to customers in order to provide. These include Water and Sewer, Augusta Regional Airport, Waste Management, Municipal Golf Course, Transit, Daniel Field Airport, and Garbage Collection. The final category is component units. The Augusta-Richmond County Board of Health is a public health department. Although legally separate from the Government, the Government appoints a voting majority of the board. Augusta Canal Authority, Downtown Development Authority, Urban Redevelopment Agency and the Richmond County Coliseum Authority are also component units for which the Government is fiscally responsible.

Fund Financial Statements

A Fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements focus on individual parts of the Government, reporting the Government's operations in more detail than the government-wide statements. All of the funds of the Government can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. These fund categories use different accounting approaches and should be interpreted differently.

Governmental Funds

Most of the basic services provided by the Government are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as government activities in the government-wide financial statements. However, unlike the government-wide statements, these funds focus on how assets can readily be converted into cash and the amount of funds left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which focuses on current financial resources. Such information may be useful in evaluating the government's short-term financing requirements. These statements provide a detailed short-term view of the Government's finances that assists in determining whether there will be adequate financial resources available to meet the Government's current needs. The relationship between government activities in the government-wide financial statements and the governmental funds financial statements is described in a reconciliation that is a part of the fund financial statements.

The Government has five governmental fund types: the General Fund, Special Revenue Funds, Debt Service Funds, the Capital Projects Funds, and the Permanent Fund. Only three individual funds are being considered major funds – the General Fund, Special Purposes Local Option Sales Tax Fund (SPLOST) Phase V, and Special Purposes Local Option Sales Tax Fund (SPLOST) Phase VI.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Proprietary Funds

The Government has two types of proprietary funds used to account for activities that operate similar to commercial enterprises found in the private sector. Funds that charge fees for services provided to outside customers including other local governments are known as Enterprise Funds. These funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Funds that charge fees for services provided to departments within the reporting government are known as Internal Service Funds. Proprietary funds use the accrual basis of accounting, thus there is no reconciliation needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements, except for the allocation of internal service fund activity.

The Government has seven enterprise funds: Water and Sewer, Augusta Regional Airport, Waste Management, Municipal Golf Course, Transit, Daniel Field Airport, and Garbage Collection. The Government has seven internal service funds: Risk Management, Fleet Operations, Workers Compensation, Employee Health Benefits, Unemployment, Long-Term Disability Insurance and GMA Leases. The Water and Sewerage Fund and Augusta Regional Airport are the only funds being considered major funds for presentation purposes.

Fiduciary Funds

The Fiduciary Funds are used to account for assets held by the Government as an agent for individuals, private organizations, other governments and other departments. The Government is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and only by those to whom the assets belong. These funds are not reflected in the government-wide financial statements because the resources are not available to support the Government's operations or programs.

Government-wide Financial Analysis

Comparative data for the entity-wide governmental activities and the business-type activities is provided below.

	Governmental	Business-type		Governmental	Business-type	
	<u>Activities</u>	<u>Activities</u>	<u>Total</u>	<u>Activities</u>	<u>Activities</u>	<u>Total</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS

Net Assets

Net assets may serve over time as one useful indicator of a government's financial condition. The assets of the Government exceeded liabilities by \$913 million as of December 31, 2011.

The largest portion of the Government's net assets, \$604 million or 65.7%, reflects its investment in capital assets such as land, buildings, equipment and infrastructure (road, bridges, sidewalks, water lines and sewer lines) less any related debt used to acquire those assets that is still outstanding. The Government uses these capital assets to provide services to its citizens; therefore, these assets are not available for future spending. Although the Government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Government's net assets, \$234 million or 25.6% represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$76 million or 8.3%, may be used to meet the Government's ongoing obligations to citizens and creditors.

Several particular aspects of the Government's financial operations positively influenced the total *unrestricted governmental net assets*:

- Continued diligence in the maintenance of 75 -90 days unreserved fund balance in the General Fund.
- Continued diligence in the collection of property taxes by maintaining a collection percentage of 99% for real and personal property.
- Continued low cost of debt due to the Government's high bond rating.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

Changes in Net Assets

Governmental activities. Governmental activities increased the Government's net assets by \$23.5 million, and thereby accounting for 54.6% of the total growth in the net assets of the Government. Key elements of this increase are as follows:

Governmental Revenues. Property taxes (24%) and other taxes (51%) continue as the main source of revenue of the Government, amounting to 75% in 2011, compared to 75.9% in 2010. Sales tax revenues contributed approximately \$74.5 million to the increase in net assets.

Governmental Functional Expenses: As reflected in the summary of changes in Net Assets, the Government expended 52% of the appropriations for judicial and public safety expenditures. The Government continues to commit substantial financial resources for the safety of its citizens. Other expenditures accounted for the remaining 48%.

Business-type activities: Business-type activities increased the Government's net assets by approximately \$19.5 million accounting for 45.4% of the total growth in the government's net assets. Key elements of this increase are as follows:

- The Waste Management Fund reported an increase in net assets of \$3.7 million. This increase was due to maintaining volumes similar to 2009 volumes. The increase in volumes stemmed from a volume based discount issued in 2004. The increase was also due to an increased investment in capital assets specifically an upgrade to the Compressed Natural Gas collection system.
- The Water and Sewer Fund reported an increase in net assets of \$170,130. This increase was largely due to an increase in user charges due to rate increases approved upon issuance of the most recent Water & Sewer Revenue Bonds in 2004.
- The Augusta Regional Airport Fund reported an increase in net assets of \$12 million. This increase was due to increased investment in capital assets with the completion of capital projects.
- Garbage Collection net assets increase of \$2.4 million.

Financial Analysis of the Government's Individual Funds

Augusta, Georgia uses fund accounting to demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Government's governmental funds is to provide information on near-term inflows, outflows and balances of usable resources. Such information is useful in assessing the Government's financial requirements. In particular, the unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The combined fund balance of all the governmental funds is \$234.8 million, of which \$29.4 million, or 12.5%, is unassigned.

General Fund

The General Fund is the primary operating fund of the Government. At the end of the current fiscal year, total fund balance of the General Fund was \$35 million, of which \$29.9 million or 85.2% was unassigned. A portion of the fund balance in the General Fund is assigned for risk benefit, in the amount of \$4.7 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. As of December 31, 2011, total unassigned fund balance represents 23.8% of total general fund expenditures.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The fund balance of the General Fund increased \$1.7 million (5.1%) Key factors to this result include cost reduction measures that were implemented and observed throughout the year. This increase in fund balance represents 1.12% of the 2011 budget. Also a reduced transfer of funds to the transit department due to the receipt and recognition as revenue of grant reimbursements was a contributing factor.

General Fund Budgetary Highlights

During the year, the Government revised the budget on several occasions. Generally, budget amendments fall into one of five categories: 1) amendments to appropriate fund balance for encumbrances from the prior year; 2) amendments made to adjust the estimates that are used to prepare the original budget resolution once exact information is available; 3) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; 4) increases in appropriations that become necessary to maintain services; and 5) amendments to transfer appropriations between departments. The fifth category has no effect on the final budget and, therefore, is not addressed in this narrative.

The actual operating revenues for the General Fund were less than the budgeted amount by \$2.5 million or 1.95%. The individual sources within the revenues fluctuated both positively and negatively. No individual source materially varied from the final budget.

The 2011 adopted budget (November 16, 2010) projected Ad Valorem tax revenues remain at 2010 levels with no projected growth in the tax digest and a 3% increase in sales tax revenues. As the economy continued the slow recovery, the Augusta Commission was unwilling to consider a tax increase and approved significant expenditure reduction and use of \$1.5 million in fund balance to fund a budgeted deficit. In July 2011 the Augusta Commission voted to increase the 2011 mill rate by .019 mills to the roll back rate levels.

Capital Projects Funds

The Government uses Capital Projects Funds to account for the acquisition and construction of major capital facilities that are not financed by Proprietary Funds. Major funds included in the fund financial statements are the SPLOST Fund Phase V and SPLOST Fund Phase VI. The proceeds of the special purpose 1% sales tax are accounted for in Capital Projects Funds until improvement projects are completed. The SPLOST Fund Phase V's fund balance is \$34.6 million and the SPLOST Fund Phase VI's fund balance is \$60.6 million, all of which is held for specific construction and improvement projects and capital acquisitions.

Proprietary Funds

The activities of the Government that render services to the general public on a user charge basis, or that require periodic determination of revenues for public policy are accounted for as Enterprise Funds. The Government's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net assets at the end of the year were as follows: Water and Sewer System Fund, \$50.4 million; Augusta Regional Airport, \$6.2 million; Nonmajor Enterprise funds, \$7.4 million. The total growth in net assets for previously mentioned funds were \$170 thousand, \$12 million and \$7.3 million, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the Government's business-type activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Capital Assets and Debt Administration

Capital Assets

The Government's investment in capital assets for its governmental and business-type activities as of December 31, 2011 amounts to \$1.17 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, infrastructure and construction in progress. Infrastructure assets are items that are normally immovable and of value only to the Government, such as roads, bridges, streets and sidewalks, drainage systems and other similar items.

Major capital asset transactions during the year included construction of infrastructure, buildings, acquisition of public safety vehicles, construction of water and sewerage systems, and construction of a new airport terminal and building.

Additional information on the Government's capital assets can be found in Note 6 of the notes to the financial statements of this report.

The Government's Capital Assets (net of depreciation) December 31, 2011

	Governmental Activities	Business-type Activities	Total
Land	\$ 21,332,064	\$ 18,932,470	\$ 40,264,534

MANAGEMENT'S DISCUSSION AND ANALYSIS

Long-Term Debt

As of December 31, 2011, the Government had a total of \$648.6 million in outstanding long-term debt. Of this amount, \$467.9 million consists of revenue bonds backed by the revenues of the water and sewer system.

The Government's Outstanding Debt General Obligation and Revenue Bonds December 31, 2011

	Governmental Activities		Businesss-type Activities		Total	
	2011	2010	2011	2010	2011	2010
	General obligation bonds	\$ 46,740,601	\$ 67,431,441	\$ -	\$ -	\$ 46,740,601
Revenue bonds	21,410,000	22,120,000	467,890,950	476,580,545	489,300,950	498,700,545
Other debt	49,461,533	44,583,011	57,333,003	52,265,030	106,794,536	101,726,563
Total debt	\$ 117,612,134	\$ 134,134,452	\$ 525,223,953	\$ 528,845,575	\$ 642,836,087	\$ 667,858,549

The Government bond rating was upgraded from A1 by Moody's Investor Service to Aa2 in June 2010. This bond rating was also confirmed by Fitch Rating Service. The bond ratings are clear indications of the sound financial condition of the Government. The high ratings are a primary factor in keeping interest costs low on the Government's outstanding debt.

The State of Georgia limits the amount of general obligation debt that a unit of government can issue to 10 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Government is \$453 million based on the 2011 County-wide bond digest of \$4.53 billion.

Additional information regarding the Government's long-term debt can be found in Note 7 of the notes to the financial statements of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Economic Factors and Next Year's Budget and Rates

The following key economic indicators reflect the continued stability of the Government.

- There is a budgeted use of existing fund balance in the 2011 adopted budget, and a slight increase of the county wide millage rate.
- Two companies announced the construction of manufacturing facilities in Augusta:
 - Rockwood Pigments - \$120 million investment
 - Starbucks Coffee, Inc - \$172 million investment
- The downtown area has within a one mile radius the following capital projects under construction:
 - The Government backed project
 - Trade, Event and Exhibit Center - \$38 Million
 - Reynolds Street Parking Deck - \$10 Million
- The Government has received the following national rankings:
 - Where to Retire Magazine: 8 Enticing Money-Saver Towns
 - RelocateAmerica: Top 10 Places to Live for 2011 (ranked 7th)
 - The Brookings Institute: One of the nation's most resilient cities for the eighth straight time.
 - RelocateAmerica: Top Places to Live
 - Business Insider : The 20 Cities That Are Having An Awesome Recovery (ranked #6)
 - Southern Business & Development: Ten Pro-Business Communities in the south without a beach.
- The Government has an unemployment rate of 9.1 %, slightly lower than the state average of 9.4%.
- The 2011 tax digest increased by .26%.
- In 2011 the monthly Local Option Sales Tax collections increased at a rate of 1.52% over 2010, as compared to other similar governments whose sales tax collection changed at rates of -.065% to 5.93%.

Budget Highlights for the Fiscal Year Ending December 31, 2012

Each year, the Government's overall goal is to provide essential services to our citizens as cost effectively and professionally as possible. The Augusta Commission works diligently to plan for the future while ensuring current programs and services are working as smoothly as possible. We continually seek to improve. We are pleased that through our fiscal responsibility we are able to maintain our current level of service without an increase in taxes.

Governmental Activities: The Ad Valorem Taxes are projected to remain steady at the 2011 level. Other taxes are expected to remain steady or slightly increase with an expected 3% increase in sales tax revenues. The FY 2012 budget for the general fund is expected to be slightly above the 2011 level due to funding for the operating deficit of the transit department, and the continued rise in the cost of fuel and operating supplies. The general economic climate for the city government of 2011 is expected to be stable. The unassigned fund balance should decrease slightly by \$2.1 million due to budgeted use of fund balance to balance the General fund instead of increasing the county's millage rate.

Business – type Activities: Overall Water and Sewer revenue is projected to increase by more than 3% due to the increased rates.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Requests for Information

This report is designed to provide an overview of the Government's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director, Augusta-Richmond County, Georgia, 530 Greene Street, Augusta, Georgia 30901. Questions concerning any of the information found in this report relating to the Richmond County Board of Health should be directed to the Department of Health at 950 Laney Walker Blvd., Augusta, Georgia 30901. Questions concerning any of the information found in this report relating to Augusta Canal Authority should be directed to Augusta Canal Authority, 1450 Greene Street, Suite 400, Augusta, Georgia 30903. Questions concerning any of the information found in this report relating to Downtown Development Authority should be directed to Downtown Development Authority, 936 Broad Street, Suite 107, Augusta, Georgia 30901.

AUGUSTA, GEORGIA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2011**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds.	\$ (46,247,142)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	56,287,305
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets.	(44,922)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	89,792
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	22,898,093
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(9,346,420)
Internal service funds are used by management to charge the cost of fleet management, insurance, and participation in the Georgia Municipal Association Certificates of Participation program to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>(99,792)</u>
Change in net assets of governmental activities	<u>\$ 23,536,914</u>

The accompanying notes are an integral part of these financial statements.

AUGUSTA, GEORGIA

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Augusta, Georgia (the "Government") is located in the east central section of the state on the south bank of the Savannah River, which serves as the boundary between Georgia and South Carolina. Augusta is on the fall line and has a landscape dotted with foothills which descend to the coastal plain. Augusta is the head of the navigation on the Savannah River and is 135 miles east of Atlanta, 127 miles northwest of the port of Savannah, and 72 miles southwest of Columbia, South Carolina. Augusta is the trade center for 13 counties in Georgia and five in South Carolina, a section known as the Central Savannah River Area.

The Government was created by legislative act in the State of Georgia in 1995 from the unification of the two governments, the City of Augusta, Georgia and Richmond County, Georgia. On June 20, 1995, the citizens of Richmond County and the City of Augusta voted to consolidate into one government named Augusta, Georgia. The officials for the new government were elected and, based on the charter, took office on January 1, 1996. The unified government combined all functions and began financial operations January 1, 1996.

The Government is governed by a full-time Mayor, with a term of four years, and a 10-member Commission, who serve on a part-time basis and are elected to staggered terms of four years. The Mayor and Commission appoint an Administrator who serves as a full-time administrative officer and is responsible for the daily operations of the Government.

The financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Government's accounting policies are described below.

A. Reporting Entity

As required by generally accepted accounting principles, these financial statements present Augusta, Georgia and its component units. The component units discussed below are included in the Government's reporting entity because of the significance of their operational or financial relationship with the Government.

Discretely Presented Component Units

The **Richmond County Department of Health (RCDH)** was established pursuant to an act of the General Assembly of the State of Georgia in 1955. The RCDH is governed by a 12-member board consisting of one member of the Augusta-Richmond County Commission. The Government provides financial support to the RCDH and appoints a majority of the members. The RCDH has a June 30 year-end. Separate financial statements for the RCDH can be obtained from its administrative office at 950 Laney Walker Blvd., Augusta, Georgia 30901.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

The **Augusta Canal Authority** (the “Canal Authority”) was established pursuant to an act of the General Assembly of the State of Georgia in 1989. The Canal Authority is governed by a 12-member board. The Government provides financial support to the Canal Authority and appoints a majority of the members. Separate financial statements for the Canal Authority can be obtained from its administrative office at 1450 Greene Street, Suite 400, Augusta, Georgia 30903.

The **Downtown Development Authority** (DDA) was established pursuant to the Downtown Development Authority Law (O.C.G.A. section 36-42-1, et seq. as amended with the power and authority to issue interest-bearing revenue bonds in accordance with the applicable provisions of the Revenue Bond Law of the State of Georgia (O.C.G.A. Sections 38-82-60 through 38-82-85). The DDA is governed by a seven-member board consisting of one member of the Augusta-Richmond County Commission. The Government provides financial support to the DDA and appoints a majority of the members. Separate financial statements for the DDA can be obtained from its administrative office at 936 Broad Street, Suite 107, Augusta, Georgia 30901.

The **Urban Redevelopment Authority** (URA) was established pursuant to a resolution adopted by the Augusta-Richmond County Commission April 1, 2010, activating the URA in accordance with the O.C.G.A Chapter 61 Title 36; Section 36-61-17(b), “Urban Redevelopment Law”. The URA is governed by a five-member board. The Government appoints a majority of the members and the URA is fiscally dependent on the Government. Separate financial statements for the URA are not prepared.

The **Augusta-Richmond County Coliseum Authority** (the “Coliseum Authority”) was established pursuant to an act of the General Assembly of the State of Georgia in 1973. The Coliseum Authority is governed by a seven-member board. The Government appoints a majority of the members and the Coliseum Authority is fiscally dependent on the Government. The Coliseum Authority has a June 30 year-end. Separate financial statements for the Coliseum Authority can be obtained from the Civic Center, 601 Seventh St., Augusta, Georgia 30901.

Blended Component Units

The **Augusta Port Authority** (Port Authority) was established pursuant to an act of the General Assembly of the State of Georgia in 1959. The mission of the Port Authority is to manage the resources and assets of the Savannah River and adjacent riverfront, to encourage and promote riverfront development, recreation, and tourism in the City of Augusta by way of economic development activities, events and special programs. The Port Authority is governed by a 12-member board. The Government provides financial support to the Port Authority and appoints a majority of the members. Separate financial statements of the Port Authority are not prepared.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Blended Component Units (Continued)

Richmond County Public Facilities, Inc. is a nonprofit organization, tax exempt under Internal Revenue Code Section 501(c)(3). The purpose of this organization is to construct and maintain buildings and equipment to be leased by the Government, the Department of Family and Children Services, and the Richmond County Board of Education. Richmond County Public Facilities, Inc. is part of the reporting entity of Augusta, Georgia, due to the degree of control the Government has over the Board of Directors of Richmond County Public Facilities, Inc.

Richmond County Public Facilities, Inc. issued Certificates of Participation to provide funds for the Government to refund the 1990 Certificates of Participation issue and for certain capital projects. The related assets are included in the financial statements of the Government as part of governmental activities. The Certificates of Participation were retired during 2001.

Separate financial statements for Richmond County Public Facilities, Inc. can be obtained from Augusta, Georgia, Finance Department, 530 Greene Street, Augusta, Georgia 30901.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and the fiduciary fund financial statements, although the agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial* resources measurement focus and the *modified accrual* basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Government.

The Government reports the following major governmental funds:

The **General Fund** is the Government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Special Sales Tax Phase V Fund** accounts for receipts and disbursements of the one percent (1%) sales tax collected began March 2006 and expired December 2010. The revenue sources are sales tax and earned interest, and expenditures will be for capital outlay projects, primarily for public facilities, public works, recreation, and outside agency projects. The funds will also be used to repay \$44 million bonds issued for the expansion at the Webster Detention Center and the construction of the Augusta Convention Center. Additionally, the funds will be used for the repayment of \$8 million bonds issued by the Canal Authority.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The **Special Sales Tax Phase VI Fund** accounts for the receipts and disbursements of the one percent (1%) sales tax approved by the taxpayers on June 16, 2009. Collections began January 1, 2011. The City of Augusta bonded \$30.5 million in 2009 and \$22 million in 2010 of the estimated \$184.7 million SPLOST. The revenue sources are sales tax and earned interest and expenditures will be primarily for the following: \$10 million dollars was returned to the general fund as a reimbursement for the one time use of general fund balance for the purchase and demolition of the Gilbert Manor Housing projects by the Medical College of Georgia for the expansion of MCG's dental school; \$18 million for renovations to the municipal building; \$17 million to replace emergency services vehicles; and \$10.9 million to parks and recreation. Of the estimated \$184.7 million dollars, \$124 million will go towards infrastructure and \$60.7 million will go towards non infrastructure projects.

The Government reports the following major business-type funds:

The **Water and Sewer System Fund** is used to account for the activity of providing water and sewer services to the residents of the Government. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, operations, maintenance, financing and related debt service, and billing and collection.

The **Augusta Regional Airport at Bush Field Fund** accounts for the operations of Augusta Regional Airport at Bush Field, the only airport within the County from which service from the major airlines is available.

Additionally, the Government reports the following fund types:

The **special revenue funds** account for revenue sources that are legally restricted to expenditure for specific purposes.

The **capital project funds** are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The **permanent fund** accounts for the principal originally donated for the sale of perpetual care contracts at government-owned cemeteries after October 1, 1970. The principal must be maintained intact and invested.

The **agency funds** are used to account for the collection and disbursement of monies by the Government on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments and ad valorem and property taxes.

The **pension trust funds** account for all activities of the Government's employees' pension plans.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The *private purpose trust fund* accounts for resources legally held in trust to finance awards for children attending Joseph R. Lamar School. The principal amount of the gift is to be maintained intact and invested. Investment earnings are used for the awards.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Government has elected not to follow subsequent private-sector guidance.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services provided. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Cash and Cash Equivalents

The Government maintains a cash and investment pool in which the General Fund and all funds share. Each fund's portion of the pool is displayed on its respective balance sheet as cash and cash equivalents and includes non-pooled cash and investments separately held. Funds which have an excess of outstanding checks over bank balance have had these balances reclassified as a due to the General Fund for purposes of financial statement presentation. Interest income is allocated to each fund monthly based on its average monthly balance.

For the purposes of financial statement presentation, the Government considers all highly liquid investments with an original maturity of three months or less, or with insignificant early withdrawal penalties, to be cash equivalents. Exceptions include the Government's pension plans which classify only cash as cash equivalents in order to appropriately report investment activity. Cash equivalents include amounts in certificates of deposit, repurchase agreements, and U.S. Treasury bills, and are stated at cost which approximates market. All deposits are stated at cost plus accrued interest, which reasonably estimates fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Cash and Cash Equivalents (Continued)

The state statutes authorize the Government to invest in obligations of the United States government and agencies thereof, general obligations of the State of Georgia or any of its political subdivisions, or banks and savings and loan associations to the extent that they are secured by the Federal Deposit Insurance Corporation. Additionally, the Government does not consider investments maintained in the Georgia Extended Asset Pool (GEAP) to be cash equivalents due to the nature of the investments and their maturities.

E. Investments

Statutes authorize the Government to invest in U.S. Government obligations, U.S. Government agency obligations, State of Georgia obligations, and the Local Government Investment Pool of the State of Georgia (Georgia Fund 1). Georgia Fund 1, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard & Poor's criteria for AAAM rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1.00 per share. The pool is regulated by the Office of State Treasurer.

GEAP was also created under the OCGA 36-83-8, but investments are restricted to those enumerated by OCGA 50-5A-7 and Chapter 17 of Title 50. GEAP is managed by the State of Georgia as a variable net asset value fund. These funds are managed similarly to the management of the Georgia Fund 1 accounts. GEAP is available to all public entities that have a minimum of \$1,000,000 in funds available for investment for a period of one (1) year or longer. The value of an investment in GEAP will fluctuate over time, and it is possible to lose money by investing in the fund. Investments in this fund are not guaranteed or insured by any bank, the FDIC, the State of Georgia or any other government agency.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Investments (Continued)

In accordance with Official Code of Georgia Annotated Public Retirement System Investment Authority Law, Public Retirement Systems may invest in 1) United States or Canadian corporations or their obligations, with limits as to the corporations' size and credit rating; 2) Repurchase and reverse repurchase agreements for direct obligations of the United States government and for obligations unconditionally guaranteed by agencies; 3) FDIC insured cash assets or deposits; 4) Bonds, notes, warrants, loans or other debt issued or guaranteed by the United States government; 5) Taxable bonds, notes, warrants or other securities issued and guaranteed by any state, the District of Columbia, Canada or any province in Canada; 6) Bonds, debentures, or other securities issued or insured or guaranteed by an agency, authority, unit, or corporate body created by the government of the United States of America; 7) Investment grade collateralized mortgage obligations; 8) Obligations issued, assumed or guaranteed by the International Bank for Reconstruction and Development or the International Financial Corporation; 9) Bonds, debentures, notes and other evidence of indebtedness issued, assumed, or guaranteed by any solvent institution existing under the laws of the United States

of America or of Canada, or any state or province thereof, which are not in default and are secured to a certain level; 10) Secured and unsecured obligations issued by any solvent institution existing under the laws of the United States of America or of Canada, or any state or province thereof, bearing interest at a fixed rate, with mandatory principal and interest due at a specified time with additional limits; 11) Equipment trust obligations or interests in transportation equipment, wholly or in part within the United States of America, and the right to receive determinated portions or related income; 12) Loans that are secured by pledge or securities eligible for investment; 13) Purchase money mortgages or like securities received upon the sale or exchange of real property acquired; 14) Secured mortgages or mortgage participation, pass-through, conventional pass-through, trust certificate, or other similar securities with restrictions; 15) Land and buildings on such land used or acquired for use as a fund's office for the convenient transaction of its own business with restrictions; 16) Real property and equipment acquired under various circumstances.

Investments in the pension trust funds are reported at fair value. Cash deposits are reported at carrying amount which reasonably estimates fair value.

F. Short-Term Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both governmental-wide and fund financial statements. Prepaid items are accounted for using the consumption method

H. Inventory

Inventory in Proprietary Funds is valued at the lower of cost (first-in, first-out method) or market. Inventory in the General Fund, which is valued at cost (first-in, first-out method) consists of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Government as assets with an initial, individual cost of \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. General infrastructure assets acquired prior to January 1, 2001, consist of the streets network that were acquired or that received substantial improvements subsequent to January 1, 1980. The streets network is reported at estimated historical cost using deflated replacement cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend useful lives are expensed as incurred.

Major outlays for capital assets and major improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets is included as part of the capitalized value of the assets constructed. No interest expense was capitalized during the fiscal year ending December 31, 2011.

Depreciation is provided on the straight-line method over the following estimated useful lives:

Primary Government

Land and site improvements	30 years
Vehicles	5 years
Furniture and fixtures	7 years
Machinery and equipment	10 years
Buildings and improvements	30 years
Water and Sewer systems	30 - 70 years
Infrastructure	30 years

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

K. Compensated Absences

The vacation policy of the Government provides for the accumulation of up to 43 days earned vacation leave with such leave being fully vested when earned. For the Government's government-wide financial statements and proprietary fund financial statements, an expense and a liability for compensated absences and the salary-related payments are recorded as leave is earned. The Government has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

No accrual has been established for accumulated sick leave of employees since it is the Government's policy to record the cost of sick leave only when it is used.

L. Fund Equity

The Government implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of January 1, 2011. This new standard changed the overall definitions and classifications of governmental fund balances.

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net assets."

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Fund Equity (Continued)

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the Government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Government or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Augusta-Richmond Government Commission through the adoption of a resolution. Only the Augusta-Richmond County Commission may modify or rescind the commitment.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the Government's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the Government has authorized the Administrator and Finance Director to assign fund balances.
- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The Government reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Government's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Government's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Fund Equity (Continued)

Net Assets – Net assets represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the Government has spent) for the acquisition, construction or improvement of those assets. Net assets are reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net assets are reported as unrestricted.

The Government applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

M. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “certain long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$81,163,750 difference are as follows:

Accrued interest payable	\$ (352,750)
Bonds payable	(63,910,000)
Unamortized discount on bonds	(4,240,601)
Unamortized bond issuance costs	662,740
Compensated absences	(5,292,321)
Claims and judgements payable	(8,030,818)
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	<u>\$ (81,163,750)</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense.” The details of this \$56,287,305 difference are as follows:

Capital outlay	\$ 68,072,386
Depreciation expense	(11,785,081)
	\$ 56,287,305
Net adjustment to increase <i>net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities</i>	\$ 56,287,305

Another element of that reconciliation states that “the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.” The details of this \$22,898,093 difference are as follows:

Bond issuance costs	\$ 89,806
Amortization of bond premiums	1,185,840
Amortization of bond issuance cost	(158,856)
Payment of arbitrage claim	1,566,303
Principal payments	
Bonds payable	20,215,000
Net adjustment to increase <i>net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities</i>	\$ 22,898,093

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation states that "some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$9,346,420 difference are as follows:

Accrued interest	\$ 284,816
Compensated absences	(675,260)
Claims and judgements	(3,568,183)
Net pension asset	97
Net other postemployment benefit liability	<u>(5,387,890)</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities</i>	<u>\$ (9,346,420)</u>

NOTE 3. LEGAL COMPLIANCE - BUDGETS

A. Budgets and Budgetary Accounting

The Government generally follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Budgetary hearings are held in August to discuss departmental budgets.
2. The Administrator presents the tentative budget to the Commission in October.
3. The permanent budget is legally adopted by the Commission prior to the start of the next fiscal year.
4. All budget revisions or changes must be approved as required by Georgia law and administrative policy. Transfer of budgeted amounts within operating categories within departments can be requested by department directors. Transfer of budget amounts involving capital outlay or salaries require approval of the Augusta-Richmond County Commission. The Augusta-Richmond County Commission must approve revisions that alter the total expenditures of any department or fund. Budgets for capital items may be reappropriated in the ensuing year's budget. Departments may request for other budget items to be reappropriated in the form of a budget adjustment, contingent of the Commission's approval.
5. Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue, Debt Service and Capital Projects Funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

A. Budgets and Budgetary Accounting (Continued)

6. Budgets for these funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

Budget information for expenditures represents the operating budget (as amended) as approved by the Augusta-Richmond County Commission. A budget was not adopted for the Tax Allocation Districts Fund due there being no expenditures during the year ended December 31, 2011.

B. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration for the General Fund, Special Revenue Funds, Debt Service and Capital Projects Funds. Encumbrances are recorded when purchase orders are issued but are not considered expenditures until liabilities for payments are incurred. Encumbrances for outstanding purchase orders do not lapse at year end.

C. Excess Expenditures Over Appropriations

For the year ended December 31, 2011, the following special revenue fund had excess of actual expenditures over appropriations, which were funded by available fund balance:

	<u>Excess</u>
Hotel/Motel Tax and Promotion/Tourism	
Housing and development	\$ 283,247

NOTES TO FINANCIAL STATEMENTS

NOTE 4. CASH AND INVESTMENTS

Total deposits and investments as of December 31, 2011, are summarized as follows:

Amounts as presented on the entity-wide statement of net assets:

Cash and cash equivalents	\$ 72,512,389
Investments	164,439,732
Restricted cash and cash equivalents	107,783,109

Amounts as presented on the fiduciary statement of net assets:

Cash and cash equivalents - Agency Fund	7,680,482
Cash and cash equivalents - Pension Trust Funds	6,101,056
Investments - Pension Trust Funds	55,853,806
Cash and cash equivalents - Private-purpose Trust Fund	1,593
Investments - Private-purpose Trust Fund	5,000
Total	\$ 414,377,167

Cash deposited with financial institutions	\$ 194,078,629
Investments held at financial institutions	69,872,994
Investments held by the State of Georgia	81,128,934
Investments in Mutual Funds	69,296,610
	\$ 414,377,167

As of December 31, 2011, the Government held the following investments (in thousands):

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>						<u>Rating</u>
		<u>Less than 1</u>	<u>1 - 5</u>	<u>6 - 10</u>	<u>16 - 20</u>	<u>21 - 25</u>	<u>26 - 30</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 4. CASH AND INVESTMENTS (CONTINUED)

Credit Risk. State statutes authorize the Government to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

Interest Rate Risk. The Government's investment policy states that the Government will structure its portfolio to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities prior to their maturity. The policy also emphasizes the purchase of shorter term or more liquid investments. The policy does not place formal limits on investment maturities.

Custodial Credit Risk – Deposits. The Government does not have a formal custodial credit risk policy. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of December 31, 2011, the Government did not have any balances exposed to custodial credit risk as uninsured and uncollateralized as defined by GASB pronouncements.

Custodial Credit Risk – Investments. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the Government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

Custodial Credit Risk – Deposits – Component Units. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the component units will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2011, the Department of Health and as of December 31, 2011, the DDA and URA did not have any balances exposed to custodial credit risk as uninsured and uncollateralized as defined by GASB pronouncements. As of December 31, 2011, the Canal Authority's bank balance of \$2,070,335 was exposed to custodial credit risk as follows: \$36,507 was uninsured and uncollateralized; \$1,533,828 was uninsured and collateralized with securities held by the financial institution, by its trust department or agency, but not in the Canal Authority's name. As of June 30, 2011, the Coliseum Authority's bank balance of \$3,041,243 was exposed to custodial credit risk as follows: \$159,915 was uninsured and uncollateralized; and \$1,864,558 was uninsured and collateralized with securities held by the financial institution, by its trust department or agency, but not in the Coliseum Authority's name.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. RECEIVABLES

Receivables consisted of the following at December 31, 2011:

	<u>General</u>	<u>Special Sales Tax Phase V</u>	<u>Special Sales Tax Phase VI</u>	<u>Other Governmental Funds</u>
Receivables:				
Taxes	\$ 3,952,466	\$ -	\$ 3,759,927	\$ 2,207,452
Accounts	3,975,516	36,496	-	1,774,877
Interest	40,777	115,498	-	-
Notes	-	-	-	3,395,697
Due from other governments	<u>2,764,657</u>	<u>-</u>	<u>-</u>	<u>1,188,792</u>
Gross receivables	10,733,416	151,994	3,759,927	8,566,818
Less allowance for uncollectibles	<u>(841,178)</u>	<u>-</u>	<u>-</u>	<u>(242,999)</u>
Net total receivable	<u>\$ 9,892,238</u>	<u>\$ 151,994</u>	<u>\$ 3,759,927</u>	<u>\$ 8,323,819</u>
	<u>Water and Sewer System</u>	<u>Augusta Regional Airport</u>	<u>Nonmajor Enterprise Funds</u>	<u>Total</u>
Receivables:				
Taxes	\$ -	\$ -	\$ -	\$ 9,919,845
Accounts	19,911,686	1,132,219	4,898,187	31,728,981
Interest	3,324	3,750	-	163,349
Notes	-	-	-	3,395,697
Due from other governments	<u>-</u>	<u>2,289,007</u>	<u>-</u>	<u>6,242,456</u>

Less allowance for uncollectibles	<u>(762,243)</u>	<u>(535)</u>	<u>(200,000)</u>	<u>(2,046,955)</u>
Net total receivable	<u>\$ 19,152,767</u>	<u>\$ 3,424,441</u>	<u>\$ 4,698,187</u>	<u>\$ 49,403,373</u>

Property taxes attached as an enforceable lien on property as of January 1, 2011. Property taxes were levied on September 8, 2011, and payable on or before November 15, 2011. The Government bills and collects its own property taxes. Property taxes levied for 2011 are recorded as receivables, net of estimated uncollectibles. The net receivables collected during the year ended December 31, 2011, and collected by February 29, 2012, are recognized as revenues in the year ended December 31, 2011. Net receivables estimated to be collected subsequent to February 29, 2012, are recorded as revenue when received. Prior year levies were recorded using substantially the same principles, and remaining receivables are reevaluated annually.

Notes receivable of the primary government consist of the Department of Housing and Urban Development's Housing Rehabilitation Program loans to individuals and owners. Financing has been provided by various federal and state grants.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. CAPITAL ASSETS

A. Primary Government

Capital asset activity for the Government's governmental activities for the year ended December 31, 2011 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental Activities:					
Capital assets, not being depreciated:

The Authority owns additional properties which were contributed in prior years. The Authority did not obtain valuations of the properties at the date of contribution and records are not available to reflect the correct fair market value of the properties on the date contributed. Therefore, the Authority's financial statements do not reflect the value of these properties. If the property values were attainable, the net assets of the Authority would increase by the respective property values. The assets that are excluded from the financial statements are as follows:

Date Property was Transferred	Property Description
October 18, 1993	18 Eighth Street, Augusta, GA
April 27, 1994	1 Fifth Street, Augusta, GA
November 12, 1999	1 James Brown Blvd., Augusta, GA
December 20, 1999	925 Reynolds Street, Augusta, GA
April 11, 2000	3 Eighth Street, Augusta, GA

NOTE 7. LONG-TERM DEBT

A. Primary Government

The following is a summary of long-term debt activity for the year ended December 31, 2011:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Revenue bonds	\$ 22,120,000	\$ -	\$ (710,000)	\$ 21,410,000	\$ 800,000
General obligation bonds	62,005,000	-	(19,505,000)	42,500,000	-
Add deferred amounts					
Unamortized premiums	5,426,441	-	(1,185,840)	4,240,601	-
Total bonds payable	<u>89,551,441</u>	<u>-</u>	<u>(21,400,840)</u>	<u>68,150,601</u>	<u>800,000</u>
Certificates of participation	16,888,000	-	-	16,888,000	-
Compensated absences	4,617,061	5,371,223	(4,695,963)	5,292,321	5,292,321
Claims and judgments	6,028,938	3,718,761	(1,716,881)	8,030,818	-
Net pension obligation	21,939	-	(97)	21,842	-
Other post-employment benefit obligation	19,569,950	5,387,890	-	24,957,840	-
Governmental activities long-term liabilities	<u>\$ 136,677,329</u>	<u>\$ 14,477,874</u>	<u>\$ (27,813,781)</u>	<u>\$ 123,341,422</u>	<u>\$ 6,092,321</u>
Business-type activities:					
Revenue bonds	\$ 468,969,999	\$ -	\$ (8,070,000)	\$ 460,899,999	\$ 8,090,000
Add deferred amounts					
Unamortized refunding	(6,543,873)	-	1,044,879	(5,498,994)	-
Unamortized discounts	(738,853)	-	125,406	(613,447)	-
Unamortized premiums	14,893,272	-	(1,789,880)	13,103,392	-
Total bonds payable	<u>476,580,545</u>	<u>-</u>	<u>(8,689,595)</u>	<u>467,890,950</u>	<u>8,090,000</u>
Notes payable	29,065,673	7,141,481	(2,511,136)	33,696,018	2,807,119
Capital leases	6,099,377	-	(826,846)	5,272,531	860,489
Compensated absences	854,570	960,856	(958,966)	856,460	856,460
Closure/postclosure liability	16,245,410	1,262,584	-	17,507,994	-
Business-type activities long-term liabilities	<u>\$ 528,845,575</u>	<u>\$ 9,364,921</u>	<u>\$ (12,986,543)</u>	<u>\$ 525,223,953</u>	<u>\$ 12,614,068</u>

The beginning balance for governmental activities has decreased \$1,958,977 for an adjustment related to the deferred value of the interest rate swap. Additionally, the beginning balance for governmental activities and business-type activities has decreased \$1,070,201 and \$2,567,201, respectively, for capital leases related to the certificates of participations. The beginning balance of governmental activities has also increased for the inclusion of the net pension obligation of \$21,939 and other post-employment benefit obligation of \$19,569,950. For governmental activities, compensated absences and claims and judgments are generally liquidated by the General Fund. For business-type activities, compensated absences are liquidated by the related Proprietary Fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government

Governmental Activities Debt

The Government issues bonds to provide funds for various projects. The bonds outstanding as of December 31, 2011, are as follows:

	Interest Rate	Balance at December 31, 2011
Augusta-Richmond County Coliseum Authority, Series 2010	2% to 5%	\$ 21,410,000
General Obligation, Series 2009	3% to 5%	21,800,000
General Obligation, Series 2010	2% to 4%	20,700,000
		63,910,000
Add: Unamortized premium		4,240,601
		\$ 68,150,601

Descriptions of the bonds issued are provided below.

Revenue Bonds

In September 2010, the Coliseum Authority issued \$22,120,000 of Augusta-Richmond County Coliseum Authority (Georgia) Revenue Bonds (Coliseum and TEE Center Project), Series 2010 (the "Series 2010 Bonds to (1) finance certain capital improvements to the existing multi-use coliseum and civic center-type facility, the Augusta Entertainment Center Complex, to be owned and operated by the Coliseum Authority pursuant to an Intergovernmental Service Agreement between the Coliseum Authority and the Government, and (2) construct a new multi-use coliseum and civic center-type facility to be known as the Augusta Trade, Exhibition, and Event Center (TEE Center) to be sold by the Coliseum Authority to the Government pursuant to an Agreement of Sale. The Coliseum Authority will use \$5,000,000 of the proceeds from the sales of the Series 2010 Bonds for capital improvements of the Augusta Entertainment Center Complex. The remainder of the proceeds will be used to construct the TEE Center. The Series 2010 Bonds are special limited obligation conduit debt of the Coliseum Authority payable solely from the hotel/motel tax payments made by the Government to the Coliseum Authority under the Intergovernmental Service Agreement and the Agreement of Sale (the Agreements). The Series 2010 Bond debt, its proceeds and the corresponding capital improvements to the Augusta Entertainment Center Complex and the TEE Center construction are reflected on the Government's financial statements. Under the terms of the Agreements, the Coliseum Authority will acquire the TEE Center site and authorize the Government to, on its behalf, construct and install the TEE Center Project and acquire equipment in the name of the Coliseum Authority. The real property and other required property interest for the construction of the improvements has been secured subject to revised deeds and related instruments being prepared based on "as built" surveys. Upon the completion of the surveys, final documents will be prepared and the premises will be conveyed to the Coliseum Authority as required by the Agreements. Upon completion of the TEE Center, the Coliseum Authority will see the TEE Center to the Government for the entire balance of the Series 2010 Bond Obligation.

General Obligation Bonds

During the year ended December 31, 2009, the Government issued sales tax bonds in the amount of \$30,550,000. The General Obligation Bonds, Series 2009 bear interest of 3% to 5% with final maturity in 2015. Proceeds of the bonds were used to 1) pay the cost of any one or more of the following capital outlay projects to be owned or operated or both by the Government, or by one or more local authorities pursuant to intergovernmental contracts with the Government: road, street, bridge, and drainage improvements; public safety facilities, equipment, and vehicles; parks, recreation, cultural, library, and historic facilities; jail expansion; new sheriff's administrative building; municipal building renovations; information technology; airport improvements; industrial infrastructure improvements; and transit facilities and vehicles; and 2) retiring the Government's Tax Anticipation Notes, dated March 25, 2009, by paying or making provision for the payment of principal of and interest on such notes coming due on December 31, 2009. The Government intends to make its payments under the contract from its portion of the revenues generated by sales and use tax and a direct annual ad valorem property tax; however, the Government's portion of the revenue from the taxes are not pledged to such payments or to secure the payment of the bonds.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Governmental Activities Debt (Continued)

General Obligation Bonds (Continued)

During the year ended December 31, 2010, the Government issued sales tax bonds in the amount of \$21,950,000. The General Obligation Bonds, Series 2010 bear interest of 2% to 4% with final maturity in 2015. Proceeds of the bonds were used to pay the cost of any one or more of the following capital outlay projects to be owned or operated or both by the Government, or by one or more local authorities pursuant to intergovernmental contracts with the Government: road, street, bridge, and drainage improvements; public safety facilities, equipment, and vehicles; parks, recreation, cultural, library, and historic facilities; jail expansion; new sheriff's administrative building; municipal building renovations; information technology; airport improvements; industrial infrastructure improvements; and transit facilities and vehicles. The Government intends to make its payments under the contract from its portion of the revenues generated by sales and use tax and a direct annual ad valorem property tax; however, the Government's portion of the revenue from the taxes are not pledged to such payments or to secure the payment of the bonds.

Annual debt service requirements to maturity for the general obligation bonds are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending December 31,			
2012	\$ -	\$ 1,411,000	\$ 1,411,000
2013	12,500,000	1,411,000	13,911,000
2014	12,500,000	1,036,000	13,536,000
2015	17,500,000	586,000	18,086,000
	<u>\$ 42,500,000</u>	<u>\$ 4,444,000</u>	<u>\$ 46,944,000</u>

Certificates of Participation

In June 1998, the Government entered into a lease pool agreement with the Georgia Municipal Association (the "Association"). The funding of the lease pool was provided by the issuance of \$150,126,000 Certificates of Participation by the Association. The Association passed the net proceeds through to the participating municipalities with the Government's participation totaling \$16,888,000. The lease pool agreement with the Association provides that the Government owns their portion of the assets invested by the pool and is responsible for the payment of their portion of the principal and interest of the Certificates of Participation. The principal is due in a lump sum payment on June 1, 2028. Interest is payable at a rate of 4.75% each year. The Government draws from the investment to lease equipment from the Association. The lease pool agreement requires the Government to make lease payments back into its investment account to fund the principal and interest requirements of the 1998 GMA Certificates of Participation.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Governmental Activities Debt (Continued)

Certificates of Participation (Continued)

Annual debt service requirements are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending December 31,			
2012	\$ -	\$ 802,180	\$ 802,180
2013	-	802,180	802,180
2014	-	802,180	802,180
2015	-	802,180	802,180
2016	-	802,180	802,180
2017 - 2021	-	4,010,900	4,010,900
2022 - 2026	-	4,010,900	4,010,900
2027 - 2028	16,888,000	1,136,422	18,024,422
	\$ 16,888,000	\$ 13,169,122	\$ 30,057,122

As part of the issuance of the certificates of participation, the Government entered into an interest rate swap agreement. Under the Swap Agreement, the Government is required to pay (i) a semiannual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the Government a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and (ii) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semiannual payments from the Swap Counterparty with respect to the Government are structured, and expected, to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the Government, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the Government's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Governmental Activities Debt (Continued)

Certificates of Participation (Continued)

In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the Government would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the Government executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa1 by Moody's. At December 31, 2011, the floating rate being paid by the Government is 0.10%, and the market value of this agreement is \$5,729,288, an increase of \$3,186,411 from the market value at the end of the previous fiscal year. The market value of the hedge was determined using settlement prices at the end of the day on December 31, 2011 based on the derivative contract. This market value is reported as an asset in the statement of net assets. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until fiscal year end) is deferred and reported as deferred revenue in the statement of net assets.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Business-type Activities Debt (Continued)

Revenue Bonds (Continued)

Descriptions of the bonds issued are provided below.

During the year ended December 31, 2000, the Government issued revenue bonds in the amount of \$97,080,000. Proceeds of the bonds were used to pay the costs of making additions, extensions and improvements to the water and sewer system. The bonds are limited obligations of the Government and payable solely from the net revenues of the Water and Sewer System. The Series 2000 Bonds are due in annual installments through December 2012, with interest ranging from 4.40% to 5.25%.

During the year ended December 31, 2002, the Government issued \$149,400,000 in Series 2002 Water and Sewer Revenue Bonds. A portion of the proceeds from the sale of these bonds was used to pay the outstanding balance of the Georgia Environmental Facilities Authority revolving loan in the amount of \$8,815,000 with an interest rate of 5.5%. The remaining portion of the bond proceeds of \$140,585,000 was issued for the purpose of financing the costs of making additions, extensions and improvements to the Government's water and sewer system. The bonds are due in annual installments of \$235,000 to \$20,610,000 beginning October 2002 through October 2032, plus interest varying from 2.50% to 5.75% on \$57,840,000 serial bonds, and interest of 5.0% on \$91,560,000 term bonds. The bonds maturing in October 2032 and thereafter are subject to redemption prior to maturity, at the option of the Government on or after October 1, 2031, in whole or in part (in any order of maturity and by lot within a maturity) at any time, at a price of par plus accrued interest to the redemption date.

During the year ended December 31, 2004, the Government issued revenue bonds in the amount of \$160,000,000. Proceeds of the bonds were used to pay the costs of making additions, extensions and improvements to the water and sewer system. The bonds are limited obligations of the Government and payable solely from the net revenues of the Water and Sewer System. The Series 2004 Bonds are due in annual installment of interest only of \$8,400,000 through October 2032. Principal is due in annual installments beginning October 2033 through October 2039 from \$19,500,000 to \$26,510,000, plus interest of 5.25%.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Business-type Activities Debt (Continued)

Revenue Bonds (Continued)

During the year ended December 31, 2007, the Government issued \$177,010,000 in Series 2007 Water and Sewerage Revenue Bonds. A portion of the proceeds from the sale of these bonds was used to refund all of the former Series 1996 and 1997 Water and Sewerage Revenue Bonds in the amount of \$56,875,000. The remaining portion of the bond proceeds of \$120,135,000 was used to advance refund a portion of the Series 2000 and 2002 Water and Sewerage Revenue Bonds. The current refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of approximately \$4,300,000. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through the year 2030 using the effective-interest method. The refunding decreased the total debt service payments over the next 21 years by approximately \$5,600,000 and produced an economic gain of approximately \$3,700,000. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of approximately \$3,200,000. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through the year 2030 using the effective-interest method. The refunding decreased the total debt service payments over the next 23 years by approximately \$7,200,000 and produced an economic gain of approximately \$4,600,000. Proceeds of approximately \$126,793,000 from the defeased issues were used to purchase U.S. Government Securities. Those securities were deposited in an irrevocable trust fund with an escrow agency to provide for all future debt service payments on the above mentioned bonds. As of December 31, 2011, the amount of these defeased debts outstanding but removed from the Water and Sewer Fund is \$42,400,000. The bonds are due in annual installments of \$2,060,000 to \$12,260,000 plus interest at 4.0% to 5.0% through October 2030.

During the year ended December 31, 2005, the Government issued \$8,990,000 in Series 2005A Airport Passenger Facility Charge and General Revenue Bonds, \$4,415,000 in Series 2005B Airport Passenger Facility Charge and General Revenue Bonds, and \$6,200,000 in Series 2005C Airport General Revenue Bonds. The bonds were issued for the purpose of financing the costs of acquiring constructing, and installing a new airline passenger terminal and certain other capital improvements for the Augusta Regional Airport at Bush Field.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Business-type Activities Debt (Continued)

Revenue Bonds (Continued)

The Airport Passenger Facility Charge and General Revenue Bonds Series 2005A and 2005B are payable through 2035 primarily from Passenger Facility Charge No. 99-01-C-AGS approved by the Federal Aviation Administration in 2004. Should the proceeds of the Passenger Facility Charge not be sufficient to pay when due interest and principal on Series 2005A and 2005B bonds, the interest and principal shortfall will be paid from Airport Net General Revenues, derived by the Government from the ownership and operation of the Airport, remaining after the payment of expenses of operating, maintaining, and repairing the Airport ("Net General Revenues"), and (2) those passenger facility charge revenues that are allocable to the 2005 Project ("PFC Revenues"). The Series 2005C Revenue Bonds are payable through 2031 solely from and secured by a first priority pledge or and lien on Net General Revenues only. Annual principal and interest payments on the bonds are expected to require less than 35 percent of net revenues through 2012.

The Series 2005A bonds are payable in semi-annually interest only payments of 5.15% beginning July 1, 2005 and principal payable annually beginning January 2031 ranging from \$540,000 to \$2,275,000 through January 1, 2035. The Series 2005B bonds are payable in semi-annually interest only payments of 5.35% beginning July 1, 2005 and principal payable annually beginning January 2025 ranging from \$130,000 to \$1,505,000 through January 1, 2028. The Series 2005C bonds are payable in semi-annually interest only payments of 5.45% beginning July 1, 2005 and principal payable annually beginning January 2028 ranging from \$1,315,000 to \$1,760,000 through January 1, 2031.

Pursuant to the Bond Resolution, the Augusta Regional Airport is subject to meeting certain financial covenants related to the Airport Revenue Bonds. The financial covenants include requirements to (i) provide for 100 percent of the Expenses of Operation and Maintenance and for the accumulation in the Operation and Maintenance Reserve Fund of the Operating Reserve; and (ii) produce Net General Revenues, together with Other Available Moneys, in each fiscal year which will (a) equal at least 125 percent of the Debt Service Requirement on all General Revenue Bonds then outstanding for the sinking fund year ending on the next January 1 and at least 100 percent of the debt service or other amounts payable on all Subordinate Bonds and Other Airport Obligations payable from Net General Revenues then outstanding for the year of computation, (b) enable the Aviation Commission to make all required payments, if any, into the Debt Service Reserve Account, the PFC Debt Service Reserve Account, the Rebate Fund, the Renewal and Replacement Fund and on any Contract or Other Airport Obligation, (c) enable the Aviation Commission to accumulate an amount to be held in the Capital Improvement Fund, which in the judgment of the Aviation Commission is adequate to meet the costs of major renewals, replacements, repairs, additions, betterments, and improvements to the Airport, necessary to keep the same in good operating condition or as is required by any governmental agency having jurisdiction over the Airport, and (d) remedy all deficiencies in required payments from the Revenue Fund from prior fiscal years. As of December 31, 2011 the Airport was in compliance with all covenants.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Business-type Activities Debt (Continued)

Revenue Bonds (Continued)

During the year ended December 31, 2004, the Government issued \$11,475,000 in Series 2004 Solid Waste Management Authority of Augusta Revenue Bonds for the purpose of paying all or a portion of the costs of improving and equipping the Government's municipal solid waste landfill. The bonds are due in annual installments of \$170,000 to \$1,700,000, starting December 1, 2005 through December 1, 2019, plus interest of 3.0% to 4.0% payable semi-annually on June 1 and December 1, beginning December 1, 2004. The Government intends to make its payments under the contract from its portion of the revenues generated by a direct annual ad valorem property tax; however, the Government's portion of the revenue from the taxes is not pledged to such payments or to secure the payment of the bonds.

During the year ended December 31, 2010, the Government issued \$9,165,000 in Series 2010 Solid Waste Management Authority of Augusta Revenue Bonds for the purpose of paying all or a portion of the costs of improvements to the Government's solid waste and recycling facility, including improvements to the gas collection and control system and paying the cost of issuing the Series 2010 Bonds. Payments are due in annual installments of \$250,000 to \$660,000 starting October 1, 2011 through October 1, 2030, plus interest from 3.0% to 4.5% payable semi-annually on April 1 and October 1, beginning April 1, 2011. The Government intends to make its payments under the contract from its portion of the revenues generated by a direct annual ad valorem property tax; however, the Government's portion of the revenue from the taxes is not pledged to such payments or to secure the payment of the bonds.

Annual debt service requirements to maturity for the revenue bonds as of December 31, 2011 are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending December 31,			
2012	\$ 8,090,000	\$ 23,317,241	\$ 31,407,241

Business-type Activities Debt (Continued)

Notes payable

The Government has incurred debt to the U.S. Army – Fort Gordon Garrison Command for the purchase of the water and sewer system and to the Georgia Environmental Facilities Authority for improvements to the water and sewer system. These notes are as follows at December 31, 2011:

Purpose	Original Amount	Interest Rate	Due Date	December 31, 2011
Fort Gordon asset purchase	\$ 19,196,880	5.11%	2018	\$ 13,115,607
Water and sewer improvements	5,143,272	4.00%	2016	1,552,390
Water and sewer improvements	6,553,217	4.00%	2019	3,168,939
Water and sewer improvements	8,040,345	3.00%	2031	7,917,278
Water and sewer improvements	7,941,804	3.00%	2031	7,941,804
				<u>33,696,018</u>
			Less current maturities	<u>(2,807,119)</u>
				<u><u>\$ 30,888,899</u></u>

Notes payable debt service requirements to maturity are as follows as of December 31, 2011:

Year ending December 31,	Principal	Interest	Total
2012	\$ 2,807,119	\$ 1,040,200	\$ 3,847,319
2013	2,939,468	907,851	3,847,319
2014	3,078,220	769,099	3,847,319
2015	3,223,691	623,628	3,847,319
2016	3,185,928	472,054	3,657,982
2017 - 2021	6,067,867	994,365	7,062,232
2022 - 2026	2,163,193	512,301	2,675,494
2027 - 2031	2,288,728	163,811	2,452,539
	<u>\$ 25,754,214</u>	<u>\$ 5,483,309</u>	<u>\$ 31,237,523</u>

The above schedule does not include the debt incurred to the Georgia Environmental Facilities Authority for water and sewer improvements. This obligation is in the drawdown phase as of December 31, 2011, and repayment will be determined when all draws have been made. The obligation has an outstanding balance of \$7,941,804 as of December 31, 2011.

A. Primary Government (Continued)

Business-type Activities Debt (Continued)

Capital Leases

The Government has entered into lease agreements as lessee for financing the acquisition of various equipment. The lease agreements qualify as capital leases for accounting purposes (titles transfer at the end of the lease terms) and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. The following is an analysis of leased assets under capital leases as of December 31, 2011:

	Business-type Activities
Equipment	\$ 8,088,832
Less: Accumulated depreciation	(2,898,498)
	\$ 5,190,334

The following is a schedule of future minimum lease payments together with the present value of net minimum lease payments as of December 31, 2011:

	Business-type Activities
Fiscal year ending December 31,	
2012	\$ 1,055,485
2013	1,055,485
2014	934,877
2015	848,729
2016	848,729
2017 - 2018	1,202,366
Total minimum lease payments	5,945,671
Less amount representing interest	(673,140)
Present value of future minimum lease payments	\$ 5,272,531

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Business-type Activities Debt (Continued)

Landfill Postclosure Care Cost

State and Federal laws and regulations require the Government to place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is based on the amount of the landfill used during the year. The estimated liability for landfill closure and postclosure care costs has a balance of \$17,507,994 as of December 31, 2011, which is based on 95.11% usage (filled) of Cell II C and 4.86% usage (filled) of Cell III, which are operating currently, and 100% usage (filled) of Cells II A and II B. This liability is recorded in the Waste Management Enterprise Fund. It is estimated that an additional \$17,964,311 be recognized as closure and postclosure care expenses between the date of the statement of net assets and the date the landfills are expected to be filled to capacity, which is in 2015 and 2173, respectively. The estimated total current cost of the landfill closure and postclosure care, \$35,472,305, is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31, 2011. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

The Government expects to finance the costs for the estimated landfill closure and postclosure care costs as they become due during the coming 30 years through the regular operations of the Government.

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of December 31, 2011, is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 5,617,137
General Fund	Water and Sewer System	6,040,495
General Fund	Augusta Regional Airport	522,966
General Fund	Nonmajor Enterprise Funds	215,043
Augusta Regional Airport	General Fund	22,656
Internal Service Fund - GMA Leases	Nonmajor Governmental Funds	342,180
Internal Service Fund - GMA Leases	Water and Sewer System	405,636
Internal Service Fund - GMA Leases	Augusta Regional Airport	232,470
Internal Service Fund - GMA Leases	Nonmajor Enterprise Funds	926,210
		<u>\$ 14,324,793</u>

Advances to/from other funds:

Receivable Fund	Payable Fund	Amount
Internal Service Fund - GMA Leases	Nonmajor Governmental Funds	\$ 44,356
Internal Service Fund - GMA Leases	Water and Sewer System	196,069
Internal Service Fund - GMA Leases	Augusta Regional Airport	122,309
Internal Service Fund - GMA Leases	Nonmajor Enterprise Funds	484,870
		<u>\$ 847,604</u>

Due to/from component units:

Receivable Entity	Payable Entity	Amount
Primary government	Augusta Canal Authority	\$ 48,798
Primary government	Urban Redevelopment Authority	3,344,988
		<u>\$ 3,393,786</u>
Augusta-Richmond County Coliseum Authority	Primary government	<u>\$ 96,312</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Advances to/from other funds represent amounts not expected to be repaid within one year from the date of the financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)

The composition of interfund transfers during the year ended December 31, 2011, were as follows:

Transfer To	Transfer From						Total
	General	Special Sales Tax Phase V	Special Sales Tax Phase VI	Nonmajor Governmental Funds	Nonmajor Enterprise Funds	Workers Compensation Fund	
General	\$ -	\$ -	\$ -	\$ 5,756,550	\$ 125,000	\$ 162,638	\$ 6,044,188
Nonmajor Governmental Funds	900,000	9,695,850	12,976,700	9,233,809	-	-	32,806,359
Nonmajor Enterprise Funds	1,732,056	-	-	4,726,180	-	-	6,458,236
Total	<u>\$ 2,632,056</u>	<u>\$ 9,695,850</u>	<u>\$ 12,976,700</u>	<u>\$ 19,716,539</u>	<u>\$ 125,000</u>	<u>\$ 162,638</u>	<u>\$ 45,308,783</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 9. PENSION PLANS

A. Primary Government

1945 Plan

Plan Description

The 1945 Plan (the "1945 Plan"), a single-employer defined benefit pension plan, was available to all former Richmond County employees hired prior to October 1, 1975 that met the Plan's age and length of service requirements. Participants in the Plan who retired at or after age 60 are entitled to a monthly benefit equal to 2% of average earnings multiplied by years of service. The Plan provides death and disability benefits. These benefit provisions and all other requirements including amendments are established by Government ordinance. The Plan also provides for reduced benefits if the participant elects to retire after attaining age 50 and completing 15 years of service. This is a closed retirement plan (new employees may not participate in the Plan). The 1945 Plan does not issue a stand-alone financial statement report.

Participant Data

At January 1, 2012, the date of the most recent actuarial valuation, there were 28 participants as follows:

Active participants	2
Retirees and beneficiaries	<u>26</u>
	<u>28</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

A. Primary Government (Continued)

1945 Plan (Continued)

As of the most recent valuation date, January 1, 2012, the funded status of the 1945 Plan was as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll (b-a)/c)
12/31/2011	\$ 7,152,239	\$ 9,398,563	\$ 2,246,324	76.1 %	\$ 125,222	1,793.9 %

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of the 1945 Plan net assets is increasing or decreasing over time relative to the actuarial accrued liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2012.

Funding Policy

Employees are required to make contributions to the 1945 Plan equal to 5% of earnings. The Government is required to contribute the remaining amounts necessary to fund the 1945 Plan. If a participant terminates employment prior to completion of 10 years of credited service, the participant receives a lump-sum amount equal to his total contributions to the 1945 Plan, with 5% interest computed from January 1, 1997. After completion of at least ten years of credited service, the participant receives a monthly benefit deferred to his normal retirement date, equal to the benefit computed as for normal retirement multiplied by the percentage based on completed years of credited service, as follows: 50% after 10 years, increasing 10% each year to 100% after 15 years of credited service.

General Retirement

Plan Description

Former City of Augusta employees hired after March 1, 1949 and before March 1, 1987, whose age did not exceed 35 years at the time of their employment and are not participants of the 1977 Plan are covered under the General Retirement Plan, a single-employer defined benefit pension plan. Pension benefits vest after an employee is 45 years of age and has 15 years of full-time employment. An employee may retire at age 60 with 25 years of service and receive annual pension benefits equal to 2% of the employee's average salary earned during the last three years of employment, multiplied by the number of full-time years of employment. The Plan provides death and disability benefits. These benefit provisions and all other requirements including amendments are established by Government ordinance. All full-time employees hired before July 1, 1980 must contribute 8% of gross earnings and employees hired after July 1, 1980 must contribute 5% of gross earnings to the Plan, with the Government contributing remaining amounts sufficient to provide future pensions. This is a closed retirement plan (new employees may not participate in the Plan). The General Retirement Plan does not issue a stand-alone financial statement report.

Participant Data

At January 1, 2012, the date of the most recent actuarial valuation, there were 268 participants as follows:

Active participants	68
Retirees and beneficiaries	177
Vested terminated	23
	<u>268</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

A. Primary Government (Continued)

General Retirement (Continued)

As of the most recent valuation date, January 1, 2012, the funded status of the General Retirement Plan was as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll (b-a)/c)
12/31/2011	\$ 64,785,966	\$ 83,583,477	\$ 18,797,511	77.5 %	\$ 3,152,905	596.2 %

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of the 1945 Plan net assets is increasing or decreasing over time relative to the actuarial accrued liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2012.

Funding Policy

Employer contributions are determined as part of the January 1, 2012 actuarial valuation using the frozen entry age cost method. The unfunded accrued liability is composed of pieces that are amortized over various periods to comply with Georgia law as a level percentage of payroll. When the actuarial value of assets exceeds 150% of the present value of accrued benefits, the Official Code of Georgia Annotated states that there is no minimum required contribution. The significant actuarial assumptions used to compute pension contribution requirements are the same as those used to determine the standard measure of the pension obligation.

Georgia Municipal Employees Benefit System

Plan Description

Employees from the City of Augusta hired after March 1, 1987 and before consolidation on December 31, 1996, and who were not participants in any other employer-sponsored retirement plan, and Augusta Canal Authority employees are covered under the Georgia Municipal Employees Benefit System (GMEBS), a multiple-employer defined benefit pension plan. The GMEBS Plan provides pension benefits, deferred allowances, and death and disability benefits. In 2008 this plan was reopened to participants of the 1998 Defined Contribution Plan who opted to convert to the GMEBS Plan. Participation in this plan is mandatory for all new employees. These benefit provisions and all other requirements including amendments are established by Government ordinance. A participant may retire after reaching the age of 65 if the participant is not classified as public safety personnel; participating public safety personnel may retire at age 65 or age 55 with 25 years of total credited service, whichever is earlier. Early retirement may be taken at age 55 with 10 years of credited service. Benefits vest after 10 years of service. Employees who retire at or after age 55 with 10 or more years of service are entitled to pension payments for the remainder of their lives equal to 1 ¼% of their final five-year average salary times the number of years of which they were employed as a participant in the GMEBS. The final five-year average salary is the average salary of the employee during the final five years of full-time employment. Pension provisions include deferred allowances, whereby an employee may terminate his or her employment with the Government after accumulating 10 years of service but before reaching the age of 55. If the employee does not withdraw his or her accumulated contributions, the employee is entitled to all pension benefits upon reaching the age of 55. Employees must contribute 3.5% of their gross earnings to the Plan. In addition, the Government must provide annual contributions sufficient to satisfy the actuarially determined contribution requirements as amended by GMEBS. The GMEBS Retirement Fund issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Georgia Municipal Employees Benefit System, 201 Pryor Street, SW, Atlanta, Georgia 30303.

Participant Data

At July 1, 2011, the date of the most recent actuarial valuation, there were 2,416 participants as follows:

Active participants	2,018
Retirees and beneficiaries	297
Vested terminated	101
	<u>2,416</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

A. Primary Government (Continued)

Georgia Municipal Employees Benefit System (Continued)

Funding Policy

The employer contributions are determined as part of a July 1, 2010 actuarial valuation using the projected unit credit actuarial cost method. The actuarial value of plan assets are computed with a smoothing method that uses a roll forward of prior year's actuarial value with contributions, disbursements, and expended return of investments, plus 10% of investment gains (losses) during 10 prior years. Normal cost is funded on a current basis. The Plan is subject to the minimum funding standards of the Public Retirement Systems Standards Law. Since the Government's policy is to contribute the pension expense in each year, the funding strategy should provide sufficient resources to pay employee pension benefits on a timely basis. The significant actuarial assumptions used to compute pension contribution requirements are the same as those used to determine the standardized measure of the pension obligation. The plan's unfunded actuarial accrued liability is being amortized over 30 years as a level dollar.

Annual Pension Cost

The Government's annual pension cost and net pension obligation for the GMEBS Plan for the current year is as follows:

Trend Information for The Plan				
Fiscal Year Beginning	Annual Pension Cost (APC)	Actual County Contribution	Percentage of APC Contributed	Net Pension Obligation (Asset)
1/1/2012	\$ 5,159,684	\$ N/A	N/A	%
1/1/2011	4,893,018	4,893,018	100.0	-
1/1/2010	3,167,267	3,167,267	100.0	-
1/1/2009	2,909,068	2,909,068	100.0	-
1/1/2008	2,527,165	2,527,165	100.0	-

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

A. Primary Government (Continued)

Georgia Municipal Employees Benefit System (Continued)

Basis of Valuation

Current valuation date	July 1, 2011
Actuarial cost method	Projected Unit Credit
Amortization method	Closed level dollar for remaining unfunded liability
Remaining amortization period	Varies for the bases
Actuarial asset valuation method	

Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 50% of market value for 2009, 44% of market value for 2010, 38% of market value for 2011, 32% of market value for 2012, 26% of market value for 2013, and 20% of market value for 2014 and later years.

Actuarial assumptions:

Investment rate of return	7.75%
Projected salary increases	3.50%
Post retirement benefit increases	None
Inflation	3.50%

Plan Funded Status

As of the most recent valuation date, July 1, 2011, the funded status of the Plan was as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll (b-a)/c
7/1/2011	\$ 67,421,898	\$ 91,144,352	\$ 23,722,454	74.0 %	\$ 73,830,249	32.1 %

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial accrued liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of July 1, 2011.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

A. Primary Government (Continued)

Policemen's Pension Plan, Firemen's Pension Plan and the City Employees' Pension Plan

These Plans covered former City of Augusta employees. Policemen and firemen hired before 1945 are covered under the General Pension Plan. Policemen hired between 1945 and 1949 are covered under the Policemen's Pension Plan. Firemen hired between 1945 and 1949 are covered under the Firemen's Pension Plan. Other former City of Augusta employees hired between 1945 and 1949 are covered by the City Employees' Pension Plan. Pension benefits are being paid under these Plans to retired employees and beneficiaries. These are closed retirement plans (new employees may not participate in the plans). During the year ended December 31, 2011, the Policemen's Pension Plan has 1 participant with Government contributions of \$25,955; the Firemen's Pension Plan has five participants with Government contributions of \$116,471; and the City Employees' Pension Plan has seven participants with Government contributions of \$225,953. These plans do not issue stand-alone financial statement reports.

Retirement Savings Plan (the "1998 Plan")

All full-time employees with more than one month of service and Canal Authority employees were eligible to participate in the Retirement Savings Plan. The 1998 Plan is a defined contribution plan under Section 401(a) of the Internal Revenue Code, and is administered by Nationwide Life Insurance, PPA support. The Plan was organized and may be amended by a majority vote of the full-body of the governing board, the Augusta-Richmond County Commission. Employees contribute four percent (4%) of their salary, and the Government contributes two percent (2%) of the employee's salary. Contribution requirements may be amended by a majority vote of the full-body of the governing board, the Augusta-Richmond County Commission. At December 31, 2011, there were approximately 196 plan participants. Participants are considered fully vested in the Government's contributions after completing five (5) years of service. For the year ended December 31, 2011, the employees' contributions were \$353,570, and the Government's contributions were \$176,787. This is a closed retirement plan (new employees may not participate in the Plan).

B. Component Unit

Richmond County Department of Health

All current full-time employees of the Department of Health participate in the Employees' Retirement System of Georgia (ERS), which is a cost-sharing multi-employer, defined benefit, public employee retirement system. The Department contributes at a specified percentage of active members payroll determined by actuarial valuation. The contribution requirements of plan members and the Department are established and may be amended by the ERS Board of Trustees. Retirement contributions made on behalf of eligible participants for the year ended June 30, 2011 were \$580,599. Members become fully vested after 10 years of service.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The Government maintains the Augusta-Richmond County Other Post-Employment Benefit Plan (the "OPEB Plan"), a single employer post-employment defined benefit plan, required by GASB 45 and implemented prospectively. The OPEB plan provides medical and death benefits to eligible retirees and their spouses. Separate publicly available financial statements are not issued for the OPEB Plan.

Funding Policy

The Government intends to continue to fund the OPEB Plan on a pay-as-you-go basis. The OPEB Plan is fully funded by the Government and plan members are not required to contribute. Contribution requirements may be amended by a majority vote of the full-body of the Augusta-Richmond County Commission.

Annual OPEB Cost and Net OPEB Obligation

The Government contributed \$2,520,169 to the OPEB Plan for the year ended December 31, 2011. The Government's annual other post-retirement benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 27 years.

The Government's annual pension cost and net OPEB obligation for the OPEB Plan for the current year is as follows:

	December 31, 2010	December 31, 2011
Annual required employer contribution	\$ 7,735,722	\$ 7,735,722
Interest on net OPEB obligation	789,286	1,076,347
Adjustment to annual required contribution	(987,410)	(904,010)
Annual OPEB cost	7,537,598	7,908,059
Employer contributions made or accrued	2,318,304	2,520,169
Increase in net OPEB obligation	5,219,294	5,387,890
Net OPEB obligation beginning of year	14,350,656	19,569,950
Net OPEB obligation end of year	\$ 19,569,950	\$ 24,957,840

Trend Information

Fiscal Year Ending	Annual OPEB Cost (APC)	Percentage of APC Contributed	Net OPEB Obligation
12/31/2011	\$ 7,908,059	31.9 %	\$ 24,957,840
12/31/2010	7,537,598	30.8	19,569,950
12/31/2009	6,958,580	16.4	14,350,656
12/31/2008	7,064,158	16.2	8,534,019

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Trend Information (Continued)

As of January 1, 2010, the most recent valuation date, the funded status of the OPEB Plan is as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll (b-a)/c	
1/1/2010	\$ -	\$ 91,479,290	\$ 91,479,290	-	%	\$ N/A	N/A

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial accrued liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2010.

Actuarial Assumptions

Actuarial valuations involve estimates of the value of reported amount and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the plan in effect at January 1, 2010. The assumptions used in the January 1, 2010 actuarial valuation are as follows:

Valuation date	January 1, 2010
Actuarial cost method	Projected Unit Credit
Amortization method	Level Percent of Pay (open)
Amortization period	27 years
Asset valuation method	Market Value
Actuarial assumptions:	
Discount rate	5.50%
Annual health care cost trend rate	8.00% initially, reduced by decrements to an ultimate rate of 5.00% after three years

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RISK MANAGEMENT

The Government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The Government purchases commercial insurance to cover employee life, health, property and liability, and disability insurance programs.

There were no significant reductions of insurance coverage compared to the prior year. Settled claims in the past three years have not exceeded the coverages.

The Government records an estimated liability for indemnity workers' compensation claims against the Government. Claim liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses). Claims liabilities include specific, incremental claim adjustment expenses and allocated loss adjustment expenses. Because all workers' compensation claims are expected to be settled within one year, the related unpaid claims liability is not discounted and the entire liability is classified as current. Activity is accounted for in the General Fund.

Changes in the balances of claims liabilities during the last two years ended December 31, are as follows:

	<u>December 31, 2011</u>	<u>December 31, 2010</u>
Unpaid claims, beginning of fiscal year	\$ 4,462,635	\$ 3,856,086
Incurred claims and changes in estimates	2,058,761	2,440,382
Claim payments	<u>(150,578)</u>	<u>(1,833,833)</u>
Unpaid claims, end of fiscal year	<u>\$ 6,370,818</u>	<u>\$ 4,462,635</u>

The \$6,370,818 noted above along with an additional \$1,660,000 in litigation claims payable as discussed in Note 12 are reported in the Government's Statement of Net Assets. Total accrued claims and judgments liability amounts to \$8,030,818 as of December 31.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Litigation

The Government is involved in several pending lawsuits. The nature of the lawsuits varies considerably. Management and the Government's legal counsel have determined an aggregate liability, which is reasonably possible to arise from the proceedings of up to \$2,975,000. A total of \$1,660,000 of this amount is believed by management and legal counsel to be probable and is recorded as claims and judgments payable on the government-wide statement of net assets as of December 31, 2011. The Government will continue to assert its position in a defense against these claims.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Contractual Commitments

At December 31, 2011, in addition to the liabilities enumerated on the balance sheet, the Government also had contractual commitments on uncompleted construction contracts in the amount of approximately \$8,474,700 for the completion of various projects.

Grant Contingencies

The Government has received Federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, Government management believes such disallowances, if any, will not be significant.

NOTE 13. RELATED ORGANIZATIONS

The Government's governing council is responsible for all of the board appointments of the Housing Authority of the City of Augusta, Georgia. However, the Government's powers with respect to the Housing Authority of the City of Augusta, Georgia do not extend beyond these appointments and, accordingly, the Government has no financial accountability for the Housing Authority of the City of Augusta, Georgia.

NOTE 14. JOINT VENTURE

Under Georgia law, the Government, in conjunction with the sixteen counties and 54 cities in east Georgia known as the Central Savannah River Area (CSRA), is a member of the CSRA Regional Commission (CSRA RC) and is required to pay annual dues thereto. During its year ended December 31, 2011, the Government paid \$192,140 in such dues. Membership in a regional commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the CRC in Georgia. The CSRA RC Board membership includes one city official, one county official, and one private sector individual from each county. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from the CSRA Regional Commission, 3023 River Watch Parkway, Augusta, Georgia 30907.

NOTE 15. HOTEL/MOTEL LODGING TAX

The Government has imposed a 6% hotel/motel tax on lodging facilities. Revenues collected during the year ended December 31, 2011, were \$4,383,143. Of this amount, \$3,026,867, or 69% was paid to the Augusta-Richmond County Coliseum and the Augusta Convention and Visitors Bureau to promote tourism within Richmond County. The remaining \$1,356,276, or 31%, was used for debt service on the Augusta Richmond County Coliseum Authority Revenue Bond Series 2010.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. LEASES

The Government is lessor of terminal space, land and buildings at Augusta Regional Airport at Bush Field and Daniel Field under various operating leases. Revenues and related expenses for Augusta Regional Airport at Bush Field are recorded in the Augusta Regional Airport at Bush Field Fund while the revenue and related expenses for Daniel Field are recorded in the Daniel Field Airport Fund. Some of the leases provide for additional payments based on usage activity in addition to non-cancelable amounts of fixed rates.

During 2011, rental income totaled \$694,858 and \$77,650 in the Augusta Regional Airport at Bush Field and Daniel Field Airport Funds, respectively.

NOTE 17. DEFICIT FUND BALANCES / NET ASSETS

The Hotel/Motel Tax and Promotion/Tourism Fund reported a deficit fund balance of \$3,515; Housing and Neighborhood Development Fund reported a deficit fund balance of \$424,186; 2006 GO Sales Tax Bonds Debt Service Fund reported a deficit fund balance of \$2,791; 2009 GO Sales Tax Bond Debt Service Fund reported a deficit fund balance of \$14,546; and the Fleet Operations Fund reported deficit net assets of \$127,120 at December 31, 2011. The Hotel/Motel Tax and Promotion/Tourism Fund, Housing and Neighborhood Development Fund, 2006 GO Sales Tax Bonds Debt Service Fund, and the 2009 GO Sales Tax Bond Debt Service Fund deficits are intended to be eliminated through increased transfers from other funds. The Fleet Operations deficit is intended to be eliminated through an increase in user charges.

NOTE 18. DEPARTMENT OF THE ARMY REVENUE

In September 2007, Utilities entered into a contract with the Department of Defense (DOD) for the privatization of the water and wastewater system for the army base located at Fort Gordon, Georgia. The contract term is for fifty (50) years with a renewal option. The contract provides for selling the existing infrastructure assets to Utilities, paying for renewal and replacement of infrastructure, reimbursing the cost of any new assets added to the water and wastewater system, and paying Utilities to operate and maintain the water and wastewater system. Payments from the DOD to Utilities are provided for in different ways for each type of payment.

Sale of existing infrastructure assets to Utilities and payment for operations and maintenance – The amortized cost of the initial purchase of the infrastructure is passed along to the DOD as allowable part of the cost to operate and maintain the water and wastewater system. As a result, the payment for purchase of the existing infrastructure is considered an offset resulting in a non-cash transaction. The liability for the purchase of the assets is recorded as a note payable to the Department of the Army. A monthly entry is recorded to reflect the amortization of the scheduled note payable payment including interest and an equal amount of revenue representing operation and maintenance of the system. In addition, depreciation expense is recorded equal to the principal balance and interest expense on the note payable. The total amount of these expenses is expected to equal the total amount of the related revenue over the life of the contract. For the years ended December 31, 2011 and 2010, \$2,455,980 and \$2,455,980, respectively, was recorded as Department of the Army revenue and was used to reduce the outstanding balance on the Department of the Army note payable.

NOTES TO FINANCIAL STATEMENTS

NOTE 18. DEPARTMENT OF THE ARMY REVENUE (CONTINUED)

Payment for renewal and replacement of infrastructure – Payments for renewal and replacement of the water and wastewater system were calculated based on an estimated schedule of asset replacement with inflation over the fifty (50) year term of the contract. This estimated cost was then amortized on a present value basis to a monthly amount. This amount, along with the estimated monthly payment for operations and maintenance agreed upon at the contract signing date, are billed monthly to the DOD and are expected to remain constant for the first two (2) years of the contract. After the first two (2) years of the contract and every three (3) years thereafter, the monthly amount of either of these payments may be renegotiated within contractually specified limits. For the years ended December 31, 2011 and 2010, Utilities recognized \$4,550,138 and \$4,833,664, respectively, of revenue for these payments as department of the Army revenue.

Reimburse the cost of any new assets added to the system – Any new assets required for the infrastructure of Fort Gordon are approved by the DOD, contracted by Utilities and reimbursed in full at the completion of the project by DOD. For the years ended December 31, 2011 and 2010, reimbursements for such projects totaled \$5,324,015 and \$2,973,663, respectively, and payments were recorded as Department of the Army revenue.

NOTE 19. PRIOR PERIOD ADJUSTMENTS/RESTATEMENTS

The Government has determined that a restatement of beginning net assets of governmental activities is required to reflect corrections in the December 31, 2010 financial report. These restatements are as follows:

Governmental activities net assets, as previously reported	\$ 573,282,846
Cash improperly reported in agency funds	585,746
Deferred interest rate swap improperly recorded in governmental funds	(583,900)
Capital assets not properly reflected in the government-wide governmental activities	<u>(1,641,213)</u>
Governmental type activities net assets, as restated	<u>\$ 571,643,479</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 19. PRIOR PERIOD ADJUSTMENTS/RESTATEMENTS (CONTINUED)

Additionally, the Government has determined that restatements of fund balance are required to reflect corrections for errors in the December 31, 2010 financial report. These restatements are as follows:

	General	Capital Outlay	GMA Leases
Fund balance (deficit) as previously reported	\$ 32,785,538	\$ 3,027,257	\$ (31,800)
Individual fund level prior period adjustments discussed below	585,746	(1,070,201)	(583,900)
Fund balance (deficit) as restated	\$ 33,371,284	\$ 1,957,056	\$ (615,700)

The Government has determined that a restatement of governmental fund assets is required to reflect cash in the General Fund that was improperly included in agency funds in the prior year. The restatement within the General Fund increased cash by \$585,746 and increased fund balance by the same amount.

The Government has determined that a restatement of governmental fund assets is required to reflect corrections in the Government's GMA Leases Fund, an internal service fund. The restatement within the GMA Leases Fund properly increases the certificates of participation deferred value of interest rate swap by \$1,958,977, decrease fund balance by \$583,900, and increases deferred revenues by \$2,542,677. Additionally, the Government has determined that a restatement of governmental fund liabilities of \$1,070,201 is required to reflect the amount due to other funds for the Capital Outlay Fund's participation in the certificates of participation program.

The Government has determined that a restatement of government-wide governmental activity assets is required to properly reflect capital assets that were not recorded and not depreciated in accordance with generally accepted accounting principles. The restatement within the governmental activities decreased depreciable capital assets, net of accumulated depreciation by \$1,641,213. This included the capitalization of the E911 building for \$1,002,930 with related accumulated depreciation of \$534,896 and accumulated depreciation being recorded for Richmond County Public Facilities in the amount of \$2,109,247.

Additionally, the Government has determined that the Capital Outlay Fund and Law Enforcement Fund should have been reported as capital projects funds due to the nature of the activity being committed for capital outlay. These funds were reported as special revenue funds in the prior year. There is no restatement required related to the change.

NONMAJOR GOVERNMENTAL FUNDS

AUGUSTA, GEORGIA
NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Urban Services District Fund is used to account for revenue primarily from ad valorem taxes from areas within the former city limits and expenditures related to governmental services such as “Urban Street Lights” and “Solid Waste Collection”.

Emergency Telephone System Fund is used to account for the receipt and disbursement of revenues of the emergency telephone response system.

Fire Protection Fund is used to account for the receipts and disbursements of tax revenues restricted for fire protection services in the unincorporated area only. The primary revenue source is ad valorem taxes, and the primary expenditures are for public safety.

Tax Allocation Districts is used to account for the receipt of the incremental increase of property taxes over the base year and expenditures committed to economic development.

Occupational Tax Fund is used to account for the receipt and disbursement of tax revenues restricted for fire protection services in the unincorporated area only.

Special Assessment Fund is used to account for the receipt and disbursement of street light assessment taxes for the installation of street lights in the Government.

Hotel/Motel Tax and Promotion/Tourism Fund is used to account for the receipt and disbursement of hotel/motel and beer/wine tax revenues to the Augusta-Richmond County Convention & Visitors Bureau and the Augusta-Richmond County Coliseum Authority.

Housing and Neighborhood Development Fund is used to account for the financing and construction of various community development projects from grants received from the U.S. Department of Housing and Urban Development.

Urban Development Action Grant (UDAG) Fund is used to account for loan transactions in relation to urban development action grants. Repayments of initial grant revenue loaned to qualified recipients are restricted to additional financing to qualified applicants.

Federal Drug Fund is used to account for activities associated with drug education and enforcement.

State Drug Fund is used to account for activities associated with drug education and enforcement.

Law Library is used to account for certain fees received from the various courts of the Government. The resources are restricted by state law for support of the Law Library.

5% Crime Victim’s Assistance Fund is used to account for the 5% surcharge on certain fines with the proceeds used for a victim’s assistance program.

Supplemental Juvenile Service Fund is used to account for supervisory fees collected on juvenile cases.

AUGUSTA, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS (CONTINUED)

Building Inspection Fund is used to account for building inspection licensing and fees revenue and related expenditures.

Wireless Phase Fund is used to account for activities associated with 911 charges for wireless service.

Perpetual Care I Fund is used to account for monies collected from sale of perpetual care contracts at Government-owned cemeteries after October 1, 1970, as well as receipt of investment earnings on all perpetual care investments and payment of cemetery maintenance expenditures.

Downtown Development Fund is used to account for excise taxes collected on rental motor vehicles, and debt payments made and appropriations given to the Downtown Development Authority.

Canine Forfeitures is used to account for proceeds recovered from drug arrests, which are allocated to the canine unit in return for their assistance.

NPDES Permit Fees is used to account for a per acre environmental fee charged to all contractors who disturb more than one acre of land at a building site.

Transportation and Tourism Fund is used to account for a fee to provide enhanced public transportation services and to enhance the tourism opportunities in the Historic Heritage District. The Government has implemented a \$1.00 per night room fee. In exchange for the transportation fee, payers of the fee shall be entitled to free use of the public transportation systems for the duration of their hotel stay in Augusta. The revenues generated by the transportation fee shall be used to fund and enhance public transportation operations, manage the Augusta Convention Center, and revitalize the Historic Heritage Districts of Augusta to enhance the transportation and tourism services available in Augusta.

Drug Court is used to account for activities associated with drug education and enforcement.

Urban Redevelopment Projects is used to account for the use of the related loan funds to assist the City in alleviating economic deterioration by means of increasing public and private investments in order to aid in economic recovery to strengthen the economics, employment, and tax base of the City. More specifically, the proceeds will finance the development of the Laney-Walker and Bethlehem Urban Redevelopment Area.

NONMAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECT FUNDS

Community Development Fund is used to account for the financing and construction of various community development projects. Financing is provided by grants received from the U.S. Department of Housing and Urban Development.

Capital Outlay Fund is used to account for the disbursement of revenues for all capital expenditures in General Fund departments. Capital expenditures are defined as any non-disposable item over \$500 which includes vehicles, office and computer equipment, communications equipment, building renovations and office furniture.

Law Enforcement Fund is used to account for revenue and capital expenditures of the Sheriff's Department and Jail.

Special Sales Tax Phase II Fund is used to account for financing and construction of various construction and road improvements, drainage, jail improvements, and museums. Financing is to be provided by receipts from a 1991 special one percent local option sales tax referendum.

Special Sales Tax Phase III Fund is used to account for the receipts and disbursements of one percent (1%) sales tax collected from 1996 through 2000. The primary revenue sources are sales taxes, and the primary expenditures are capital outlay projects, primarily for public works, recreation and outside agency projects.

Special Sales Tax Phase IV Fund is used to account for expenditures specifically budgeted from revenue from the one percent (1%) sales tax (Phase IV) collected from the years 2001 through 2006 to be used primarily for public works, recreation and outside agency projects.

Coliseum and TEE Center Capital Projects is used to account for the costs of acquiring, constructing, and installing certain capital improvements to the existing multi-use coliseum and civic center type facility, known as the Augusta Entertainment Center Complex, and to account for a portion of the costs of acquiring, constructing, and installing a new multi-use coliseum and civic center type facility, to be known as the "Augusta Convention Center and Reynolds Street Parking Deck.

NONMAJOR ENTERPRISE FUNDS

Waste Management Fund is used to account for the provision of landfill services to residents and industries of the Government. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, billing and collection.

Municipal Golf Course Fund is used to account for the operation of the Municipal Golf Course, an 18-hole golf course located within the city limits.

Transit Fund is used to account for the operations of the Augusta Public Transit which provides scheduled bus service within Richmond and Columbia counties.

Daniel Field Airport Fund is used to account for revenue and expenses related to Daniel Field Airport.

Garbage Collection Fund is used to account for receipt and expenses related to the Government's garbage collection contract.

AUGUSTA, GEORGIA
INTERNAL SERVICE FUNDS

Risk Management Fund is used to account for the receipt and disbursement of settlement exposure and damage expense claims, commercial insurance premiums and bond on certain employees and elected officials.

Fleet Operations Fund is used to account for the operation and maintenance of Government vehicles. The Fund bills other Government funds at amounts that will approximately recover all the cost of the services provided.

Workers' Compensation Fund is used to account for the receipt and disbursement of self-insured workers' compensation claims.

Employee Health Benefits Fund is used to account for the receipt and disbursement of self-insured employee group health insurance claims.

Unemployment Fund is used to account for the receipt and disbursement of unemployment benefits.

Long-term Disability Insurance Fund is used to account for the receipt and disbursement of long-term disability claims.

GMA Leases Fund is used to account for the receipt and disbursement of the lease pool agreement with the Georgia Municipal Association.

		<u>\$ 670,629,038</u>	<u>\$ 772,345,367</u>	<u>\$ 461,586,115</u>	<u>\$ 55,399,281</u>	<u>\$ 516,985,396</u>	

Amounts reported in Special Sales Tax Phase capital outlay are as follows:

Special Sales Tax Phase II	\$ 65,275
Special Sales Tax Phase III	4,223,525
Special Sales Tax Phase IV	21,731,600
Special Sales Tax Phase V	21,854,636
Special Sales Tax Phase VI	9,099,548
	<u>\$ 56,974,584</u>

Note: The difference between the above schedule and the Statement of Revenues, Expenditures, and Changes in Fund Balances for the Special Sales Tax Phase V is due to the payment of an arbitrage claim of \$1,566,303 and legal expenditures of \$9,000.

AUGUSTA, GEORGIA
PENSION TRUST FUNDS

1945 Plan Fund is used to account for a single-employer defined benefit pension plan that was available to all former Richmond County employees hired prior to October 1, 1975 that met the Plan's age and length of service requirements.

General Retirement Fund is used to account for a single-employer defined benefit pension plan for those former City of Augusta employees hired after March 1, 1949 and before March 1, 1987, whose age did not exceed 35 years at the time of their employment and were not participants of the 1977 Plan.
