

TREECYCLE

Recycle your Christmas tree!

1

Make sure to remove everything from the tree – decorations, lights and the tree stand.

Real Christmas trees only! No artificial or flocked trees will be recycled. Artificial trees will be collected as bulk waste.

JUST
3
EASY STEPS

Collection period will take place the first two full weeks in January. Your Christmas tree will be collected by the yard waste collection truck for recycling.

Be sure to set out your Christmas tree for recycling by 6:00 am on your normal day of service. Treecycling will take place on your normal day of service.

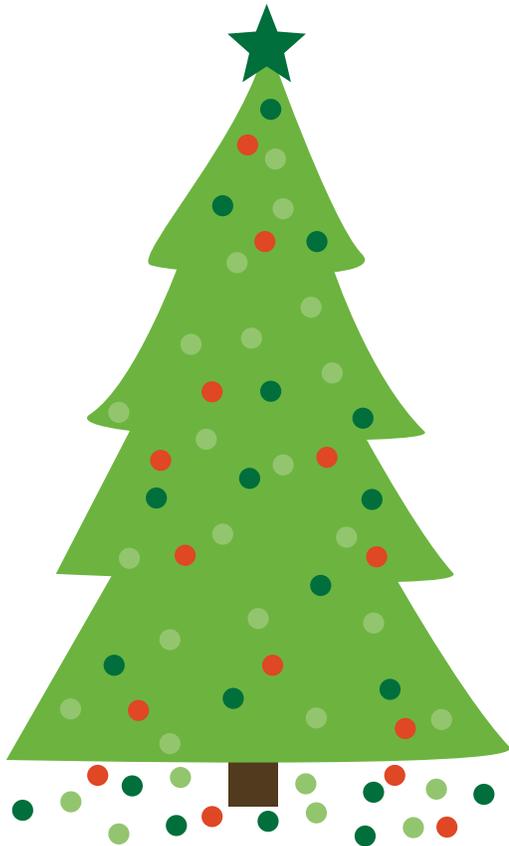

If you are designated as a commercial customer in our collections program, you must take your Christmas tree to one of the drop off locations as we do not offer yard waste collection through this service.
